What Is Mott Middle College?

Mott Middle College is a five-year high school option for high potential youth, combining the best elements of high school and early college experience. This Student Handbook contains the rules and regulations necessary for maintaining an education environment that is conducive to maximum learning. It also describes the rights and responsibilities of students, parents, and staff. For each student to have maximum opportunity to fulfill his or her potential in achievement of the traditional "three R's" which encompass rights, responsibilities, and rules.

ADMISSIONS

Recruitment

Students and/or parents are exposed to the Mott Middle College program via general public informational programs, current MMC students, graduates and media coverage. Direct recruitment is done by the Mott Middle College staff, assisted by each feeder school's guidance counselors.

Application Process/Information Sessions

The student and parent must attend a Mott Middle College information session during which time they will be given a description of and orientation to the program and the admissions process.

Admissions Committee

An admissions committee, consisting of Mott Middle College administrators and counseling representatives, will review all available information regarding each applicant and will make a decision as to whether or not the student will be provisionally accepted into the program. Factors involved (but not limited to) in making this decision are:

- the student's past history (academic, behavioral, social, criminal)
- the student's needs (age/credits earned, career interest, etc.)
- the resources of the program
- whether or not the student, and parent or legal guardian, are serious about making a change in his/her educational goals and outcomes

Student Orientation/Transition to Mott Middle College

The final step before entering Mott Middle College is for students to attend a “Gaps: Success Connection” session and the parent to attend a Gaps workshop. Gaps is a mandatory intensive transition program for provisionally accepted students and parents who are shifting from a traditional school to an early college high school. Students and parents who have not completed the Gaps workshop could have the program closed to them until the Gaps workshop is completed. Students will gain a more thorough understanding of Mott Middle College’s values, educational philosophies and our early college program. Throughout the session, students will have many opportunities to make new friends and help build a positive, productive learning community. Some students may also have probationary items to complete as part of their provisional acceptance. The duration of these probationary periods are scheduled with MMC administration/counselors individually with the student and parents present.

Re-Enrollment

All MMC Students and parents are required to participate in an annual re-enrollment process. Re-admission for the following school year is dependent on successful completion of the individualized re-enrollment requirements (which includes a review of credit accumulation, attendance and behavior).

ACADEMICS

Grading System

Students are evaluated on a scale of A, B, C, I, NC, or on rare occasions with counselor approval, W. Students have two weeks to complete course work to remove an "I" (incomplete). If after two weeks the "I" has not been removed, it will become an "NC". A "No Credit" indicates that the entire class must be repeated or a similar class from the same CORE curriculum area must be taken.

| | | |
|----------|----------|----------|
| A = 4.0 | B+ = 3.3 | C+ = 2.3 |
| A- = 3.7 | B = 3.0 | C = 2.0 |
| | B- = 2.7 | |

Note: I = Incomplete NC = No Credit CR = Credit W=Withdrew

Reporting Procedures for Grades

Mott Middle College follows the college's calendar of semesters to facilitate dual enrollment. Each fall and winter high school semester is further divided into two marking periods. Progress reports are generated in the middle of each marking period. Approximately every four weeks, either a progress report or a report card is generated. (See yellow card calendar for specific dates) A hard copy of each report is sent home with the student the week after the reporting period ends. Report cards and progress reports are also available online anytime through Parent Vue (see below). Spring semester is shorter, therefore, only a report card is issued for this period. The report card is mailed home shortly after school dismisses for the summer. Typically, the college spring semester continues a couple weeks beyond the end of the high school spring semester. Grades and credits, if awarded, are determined for each of the five marking periods.

ParentVUE

All parents of Mott Middle College students may access student attendance, progress reports, report cards, and other information any time by going to www.geneseesisd.org, selecting Mott Middle College from the drop-down menu under the Schools tab and then clicking on the link to ParentVUE. Parents need to obtain an activation key to log in for the first time. stop by the main office.

Honor Roll

MMC honor roll is determined each grading period. To be on the honor roll for any particular grading period, a student must have a GPA of 3.0 or higher and have zero “No Credits.”

Transferring Credits to Mott Middle College

Evaluation of credits from another school (high school or college) to MMC to count towards high school graduation requirements will only be considered when the credits appear on an official transcript from an accredited school. The grade received at the other school will be entered onto the MMC transcript if the credit is accepted. However, only grades equivalent to a C or higher will be taken into account when calculating the student’s MMC grade point average. 9th grade credits are transferred to MMC as “CR” (credit). 10th grade or above are transferred in as C, B or A. D’s are transferred in as “CR.”

High School Graduation GPA’s

High School Graduation GPA is based on the completion of grade nine through the winter semester of the thirteenth-grade year. Deadlines for college admission and competitive decisions may force the use of an earlier cut-off date.

High School Graduate Awards

Students graduating with 100 or more documented hours of community service, not including the hours spent on fulfilling the high school graduation internship requirement, earn white cords, which may be worn at MMC’s commencement ceremony.

In addition to the above K – 12 and dual enrollment requirements, MMC students must successfully complete a portfolio presentation, approved 5th year Internship, career project/career experience and required standardized testing. MMC Students are recognized by the State of Michigan as part of a 5th year graduation cohort that strives to complete K-12 graduation requirements and 15 dual enrollment college credits.

Graduation Ceremony

Walking at graduation is a privilege. While meeting all of the above requirements qualifies the student to graduate with a High School diploma, it does not guarantee that they will walk in the graduation ceremony. Walking at graduation is at the discretion of the Principal.

Not Meeting Graduation Requirements

Students in jeopardy of not meeting graduation requirements for spring graduation will be notified in the following manner:

1. In January, a letter of communication will be sent home to parents addressing the concerns and credits/classes needed to graduate the student.
2. The counselor will continue to monitor progress towards graduation and will meet with the student during 2nd semester (per university/college FERPA laws, it is the student's responsibility to communicate with their school counselor on the progress of their college course work) and counselors will communicate with parents on that progress.
3. A meeting will be set up no later than the end of February with the following individuals: counselor, administrator, parents/guardian and student to discuss academic progress towards graduation.
4. Students and Parents will be given final notification in early May to determine if requirements have been met.
5. Students who have not met the graduation requirements will not graduate and will not be allowed to walk. Counselors will work with students to plan for credit recovery needed.

ASSESSMENTS

Normally, a semester assessment or its equivalent is given in each course at the end of each semester. The assessments are designed to test the cumulative knowledge of the completed course. Assessments are an important part of the learning experience. Each student is expected to complete assessments. Failure to do so may result in an "incomplete," a reduction of the course grade or a "no-credit." In addition to course assessments, MMC students are required to take various standardized state and/or national assessments.

Course No Credits

If students are experiencing difficulties in any subject, it is their responsibility to seek assistance. Students should check with their instructors to determine a time that would be convenient for them to receive additional instruction and/or make-up work. Multiple "No Credits" may jeopardize the student's readmission.

Counseling Support

Qualified counselors are on staff and are prepared to help students with concerns that they may have. If the guidance staff believes that outside professional counseling is in the best interest of the student, the family will be furnished with a recommended list of referrals from which to choose.

Seminars and/or support groups have been developed to assist students with a variety of personal and academic challenges. Groups meet throughout the school year so that the students can have access to counseling, speakers, tutoring, and a variety of support services.

Dual Enrollment Expectation & Responsibilities

Students will enroll in Mott Community College in a sequenced manner under the advisement of their counselor based on college readiness factors. The number of credits for fall, winter, and spring semesters are determined by progress (grades/attendance/behavior in high school and current college courses). College readiness factors that may affect continued MMC student's status, the number of dual-enrolled credits a student may enroll in each semester, and subsequently each calendar school year include, but are not limited to:

1. Previous Academic Performance – Students who obtain less than a 2.0 in a college or high school course will be directed to enroll in less credits to increase his/her opportunity for academic success. Academic success is measured by receiving a grade of 2.0 or better in every high school and college course. Both "I" and "NC" grades in high school and "NS" or "W" in college courses are considered less than successful academic performance.

2. Dual-Enrolled Courses Dropped – Courses may not be dropped after the fourth (4th) school day after a college semester starts.
3. Behavior Concerns – A student whose behavior is questionable and engages in prohibited behavior(s) identified in the MMC Student Handbook will be advised to take fewer credits to prevent the likelihood of such behavior occurring in college courses. A student who receives a Code of Conduct at the college will not be allowed to take college courses.
4. Parent Responsibility - Parents/students will be required to pay for tuition, fees, and other associated costs if:
 - a. The student enrolls in courses and/or credit hours without Mott Middle College counselor or principal written approval.
 - b. The student repeats the same courses/credit hours for the 3rd time.

Students who dual enroll in any manner described above must pay tuition, fees, and associated expenses directly to Mott Community College, Prael Center no later than one day before the last drop date (with no charge). Dropping dual-enrolled courses will lead to enrollment in additional high school courses that fulfill high school graduation requirements, academic enrichment, and full-time student status. An administrative drop of dual-enrolled courses reduces the number of college courses/credit hours a student will be allowed to take in subsequent semester.

Academic Support

A variety of early college supports are required. These include but not limited to such supports as Career College Readiness (CCR) and Academic/Social/Emotional/Physical (ASEP). Students needing any type of academic support (high school and college courses) should first check with the instructor involved or his/her Focus Group Leader. When necessary, a staff member will recommend appropriate support. The instructors are also available to assist students. Students are encouraged to seek assistance whenever additional help is need

Class Changes

Class changes are initiated by the student's focus group leader. These changes may be done during the first week of fall and winter semesters. Only under the most unusual circumstances will a student be allowed to make any adjustments in his/her schedule after that deadline, or during Spring semester. All class changes are requested on formal add/drop forms. Students are expected to attend their scheduled classes until they receive a new schedule.

GENERAL SCHOOL INFORMATION

Acceptable Use Policy (AUP)

Students will be required to sign an AUP annually. The AUP governs the acceptable use of networks, computers, internet services and any electronic devices owned or operated by the GISD or MMC.

Attendance

The Michigan compulsory attendance law states that a student must attend school until he/she is 18 years of age. The Board of Education of the Genesee Intermediate School District strongly supports a policy of utilizing every resource available to involve students in an ongoing educational program on the basis of regular attendance to the end that each child is encouraged through a conscious effort on the part of school personnel to reach his/her maximum potential in all areas of development.

To benefit from the primary purpose of the school experience, it is essential that each student maintain a regular and punctual daily attendance in all assigned classes. Because class attendance is necessary for learning and academic achievement, as well as for developing habits of punctuality, dependability and self-discipline, it is a relevant objective criterion which can be related to a pupil's course grade. The purpose of the attendance procedures is to help students develop these responsibilities and to maintain academic standards for earning credit.

In order to carry out an effective attendance policy, the attendance procedures at each grade level must be consistent throughout Mott Middle College.

A. The teacher shall:

1. Keep accurate individual class attendance records using Synergy.
2. Contact the Focus Group Leader of each student who is absent for three to five class periods and counsel the student upon his/her return to school. The Focus Leader will then contact the parent/guardian. All telephone calls, letters, and contacts regarding students relative to attendance should be documented by the teacher of record.
3. Make arrangements for the student's work to be made up within the amount of days the student was absent including an extra day. (i.e. student is absent for 3 days; they will have 3 days to make up the missing work plus an extra day). It is the student's responsibility to initiate the request for makeup immediately upon his/her return to school.
4. Notify the assistant principal if significant improvement is not shown after steps 1 & 2.
5. Know that attendance letters are mailed daily to reflect ten or more cumulative hours of absences. (Verification of excused or unexcused will be determined by the assistant principal for student services).

B. The Student Services Team shall:

1. Upon receiving the referral from the assistant principal for student services, regarding unexcused absences, counsel personally with each student concerning his/her lack of attendance and place on attendance probation.
2. Inform the student that he/she must request to make up the work immediately upon his/her return to school.

3. Notify the student's parents or legal guardian by telephone that additional absences have incurred since the teacher called and/or formal notification was sent by Mott Middle College. Form letters will be available if the student does not have a telephone.
 4. Document all of these contacts with parents and keep accurate records of the attendance conferences with the student.
- C. The assistant principal for student services shall, when notified by the student services team that a student's attendance probation has not been honored:
1. Hold a parent-student conference as soon as possible. If the parent cannot be contacted by telephone, a certified letter should be sent which describes the extent of the student's attendance problem and requiring a parent-student conference.
 - a. Inform the parent and student that the student should initiate a request to make up work as prescribed in A and B.
 - b. Inform the parent and student that there is a possibility of the student failing his/her class or classes, if his/her attendance does not improve.
 - c. Inform the parent and the student that if the student's attendance does not improve and he/she fails his/her classes, that the student may be counseled out of the Mott Middle College program and referred to alternative educational opportunities.

Classroom Privilege

Each instructor has the right to determine which privileges will be extended in his/her class. Privileges may not be the same in each class; however, classroom privileges may not conflict with the Mott Middle College Student Handbook. It is each instructor's responsibility to discuss classroom privileges at the beginning of each semester and/or learning activity.

If it becomes necessary for a student to leave class, the student should get written permission from the instructor, or carry the instructor's hall pass. Such a need should not be a daily occurrence. If a student fails to return in a timely manner or leaves class daily or several times during a class period, the student will lose the privilege of being able to leave class.

Office Phone Use

The Main Office student phone is meant to be used to communicate transportation, emergency and illness needs. Pay phones are available throughout the campus for students to handle personal communication needs. The office phone will register as the main office number. Students need not ask to use the student phone. Therefore, office staff members are not always aware of which students have placed calls.

Messages

All parent/guardian calls should be made to the main office. MMC does not have a main office-to-classroom public address system. Only in emergency situations will messages be delivered to the multiple campus classrooms. Messages will only be accepted from a parent or legal guardian.

Lunch/Breakfast Time

Students may bring their lunches to school and eat in student lounges and some classrooms. Food may be purchased at MMC eateries. MMC's school meal program is provided in MMB 1115. Students with 6 more high school credits and parental permission may choose to leave campus for lunch. Students with fewer than six high school credits will not have any off-campus privileges. Students are responsible for cleaning up their eating area. When students are not considerate of others, the entire Mott Middle College family suffers.

Student Supplies

Students are expected to come to school each day with supplies that are necessary to complete their work. The most successful students are those that come to school prepared with Chromebooks, paper/notebooks, pen/pencils, books/course packets, etc. It is recommended that ALL students use a book bag or backpack in order to organize and maintain their class work and supplies.

School Closing Information

In the event of inclement weather, our classes are closed only if either Genesee Intermediate School District (listed as Genesee ISD) and/or Mott Community College are closed. This means that the main office is not open and high school classes are not in session. The closing of Flint Community Schools or other local districts does not affect our program. In the event that MMC is closed, but the college is still in session, (i.e. Genesee ISD is closed but Mott Community College is not closed) MMC students are still responsible to attend any college class they are enrolled in. However, students in consultation with their parent/guardian should exercise good personal judgment when deciding if the roads are safe for the student to travel to campus.

Closed Campus Policy

MMC is a closed campus, as are all public K-12 schools. Students are not allowed to bring babies/visitors/relatives to class. Any student that is on a closed campus without permission will be considered loitering and will be referred to a Police Liaison Officer.

Debts/Fines

Students are required to clear up all debts/fines before registering for the next semester. By returning all high school and college textbooks, library books, supplies, etc. late fees and fines can be avoided. Graduation requirements include clearance of all debts and/or fines.

Conflict Mediation

In MMC's attempt to prevent problems from escalating, MMC has staff and students who serve as Conflict Mediators, many of whom have been trained in Restorative Justice practices. To become mediators, the students participate in training, which prepares them to help resolve conflicts in a peaceful manner. Students who are experiencing problems may request the assistance of Conflict Mediators or they may be referred by staff members for mediation. The Mediators have proven to be very effective in resolving problems.

Research

MMC is a research-based school that serves as a model for middle and early college nation-wide replication. Therefore, MMC's student work and statistical data are used in program approved research projects, school publications, reports and/or events. Quantitative and qualitative data will be reported in a manner that ensures student privacy.

Parking/Driving

When students opt to drive to school, they should plan to arrive early enough to find a parking place in approved lots only. Students who park in restricted areas will receive a fine plus a clearing fee from the college. MMC students should park in the college parking ramps or the paid parking lot. All student vehicles parked on campus are subject to possible searches if there is reasonable suspicion that the student has violated the student handbook. Students are not permitted to drive to and from field trips. They must use the transportation that is provided for the entire group (unless they have special administrative approval).

Focus Group

All students are assigned to a Focus Group during the admission's process. At the end of a semester, students may request a change. A change may be granted after an administrative review and/or if space is available in group requested. Focus Group Leaders are vital to the success of Mott Middle College. Students and parents are encouraged to maintain close contact with the Focus Group Leader. Contact the Focus Group Leader whenever the students/parents feel they can help with any problems the student may be experiencing. The Focus Group Leaders will also contact the student's family whenever they feel it is necessary.

School Dances

Occasionally, MMC faculty sponsors a school dance. These dances are designed for MMC students. If a student wishes to bring a guest, a special permission slip must be completed and signed in its entirety. This permission slip includes signatures of the guest's current high school administrator and their parent. Only MMC 4th and 5th year students may bring guests not currently in high school. These guests cannot be older than 20 years.

Wireless Communication Device and Electronic Storage Device

A "wireless communications device" (WCD) is a device that emits or receives an audible signal, vibrates, displays a message, or otherwise summons or delivers a communication. The following devices are examples of WCDs: cellular and wireless telephones, pagers/beepers, personal digital assistants (PDA), BlackBerry/Smartphones, Wi-Fi enabled or broadband access devices, two-way radios or video broadcasting devices, laptops, netbooks, IPads, and other devices that allow a person to record and/or transmit sound, video, still images or other information. An electronic storage device (ESD) is any device used for recording any format of electronic data. Common examples include; portable hard drives, thumb drives, SD cards, CD's, etc. A student may possess a WCD and an ESD in school, on school property, at after-school activities, and at school-related functions provided that the WCD and/or ESD are not disruptive, distracting or otherwise harmful to the educational process, the scheduled activity, or other participants. The device must be off during class time unless special permission has been granted by an MMC Staff member.

The unauthorized use of WCDs and ESDs to communicate or access information during classes or testing is prohibited, except as authorized under this policy. Use of WCDs and ESDs in school, on school property, at after-school activities, at school-related functions, or on school owned-vehicles will be subject to disciplinary action.

Students may not use WCDs or ESDs on school property or at a school-sponsored activity to access and/or view Internet websites that are otherwise prohibited by MMC's Internet Acceptable Use Policy. Using WCDs or ESDs to take or transmit audio and/or pictures/video of an individual without his/her consent is considered an invasion of privacy. Students are prohibited from using a WCD or ESD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed, bullied or intimidated. The use of audio or video recording capacity of any WCD or ESD is prohibited in locker rooms or restrooms. The possession of a WCD or ESD is a privilege, which may be forfeited by any student who fails to abide by the terms of this policy.

Violations of this policy may result in disciplinary action against the student which may include confiscation of the WCD/ESD. The building principal may also refer the matter to law enforcement if the violation involves an illegal activity. The student who possesses the WCD/ESD shall assume responsibility for its care. At no time shall Genesee Intermediate School District or Mott Middle College be responsible for preventing theft, loss, or damage to WCDs or ESDs brought onto its property. More details on GISD's policy 5136 on wireless communication devices can be found at www.geneseeisd.org. MMC students are required to sign and adhere to the Acceptable Use and Internet Safety Policy

guidelines as detailed in the current GISD agreement for Acceptable Use of Technology Resource for Secondary Students.

No expectation of privacy when using the ISD's Technology Resources. The ISD reserves the right to monitor and inspect all use of its Technology Resources, including, without limitation, personal email and voice mail communications, computer files, databases, weblogs, audit trails, or any other electronic transmissions accessed.

Off-Campus Events

Students at school-sponsored, off-campus events shall be governed by GISD rules and regulation and are subject to the authority of GISD officials. Failure to obey the rules and regulations and/or failure to obey the lawful instructions of school district officials shall result in loss of eligibility to attend school-sponsored, off-campus events and may result in suspension and/or expulsion.

Any student's conduct occurring away from school premises that has a direct and immediate effect on MMC's school discipline, general safety, or welfare may result in disciplinary action.

There are other effective disciplinary practices than those specifically covered in the Student Handbook and teachers may develop other constructive practices, provided, however, it is recognized that administrators have the right to require that practices be modified when they are demonstrated to be ineffective, inappropriate or abusive to children.

Transportation Conduct

The school may provide an MTA bus pass to those students requesting one. Any student with seven (7) or more unexcused class periods (not days) during the calendar month loses his/her bus pass privilege for the next month. The student may earn bus pass privileges back. All school rules and expectations apply to bus stops, bus terminals and while riding to and from school. When a student is waiting for transportation and/or steps aboard a bus or other transportation services provided by the district, he/she is considered to still be in school and as such is in an "extended classroom." Because of this, the student is subject to all rules, rights, and responsibilities of this Student Handbook in addition to the special rules for health and safety while on the bus.

The following guidelines and disciplinary action will be enforced when students ride MTA:

1. Any student caught fighting while riding an MTA bus, or in the bus terminal, will have the MMC program closed to them. This action is subject to appeal and review by the discretion of the Principal.
2. Any student found loitering (remaining around a school facility or the MTA terminal) will be suspended for one week. The student's bus pass will be taken away and the student will lose the privilege of riding MTA buses free of charge. This action is subject to appeal and review by the student's principal.
3. Any student illegally using a bus pass or allowing another student to use a bus pass will be suspended for one week. The student's bus pass will be taken away and the student will lose the privilege of riding MTA buses free of charge. This action is subject to appeal and review by the student's principal.

4. Any student involved with or carrying a weapon on an MTA bus will be subject to the same disciplinary policy as students who are found with a weapon in school, up to and including expulsion.
5. Any student involved in disorderly conduct (such as loud, disruptive behavior, using abusive or foul language, and failure to follow instructions of those in authority, etc.) while riding an MTA bus or on MTA property will be suspended for one week. The student's bus pass will be taken, and the student will lose the privilege of riding MTA buses free of charge.
6. Any student who is suspended for reasons other than those listed above will have his or her bus pass taken away and lose the use of the pass for the duration of the suspension.
7. Unless special transportation is required by an IEP, Mott Middle College has no legal obligation to transport students or pay for transportation for students.

Dress and Appearance

It is important that the home and school promote and encourage good grooming and personal hygiene standards for all students. Dress and appearance of all students impact the educational environment. What a student wears to school can influence attitudes, academic performance, and behavior. A student's personal grooming and manner of dressing should be conducive to a good educational environment and appropriate for an employment environment as related to each MMC program.

Dress and appearance of students must not present a health or safety problem nor disrupt the educational environment. MMC may choose to restrict the wearing of clothing or other adornment that is deemed disruptive to the school operation or perceived as distracting. In addition, the wearing of clothing with messages that are offensive, obscene, derogatory, provocative, advocate drugs and/or alcohol, promote violence, or have sexual innuendo will not be permitted. Examples include, but are not limited to: see-through clothing, low neck line, bare midriff, short-shorts, sagging pants, etc. Undergarments may not show. Students are not permitted to wear any adornments that may be used as weapons; i.e., large chains, spiked collars or bracelets, etc.

MMC may have additional dress and appearance requirements that could include uniforms or a specific dress code. Instructors will detail information on class-specific dress requirements within the first week of class. Failing to follow the instructor's guidelines may result in a reduction of Career Readiness points and/or disciplinary action. Instructors will inform students if sending school spirit wear and/or costumes are permissible in their programs.

Public Display of Affection (PDA)

As in the workplace, public displays of affection are not appropriate at MMC. Holding hands and briefly hugging are permitted. Kissing, long embraces, and caressing, are not acceptable. Students that engage in this behavior will meet with an administrator for disciplinary consequences.

Cell Phones in Class

Appropriate use of cell phones at MMC is allowed upon arrival and while waiting to depart. However, once in the classroom, the teacher has the ultimate say in how cell phones may or may not be used.

- Unless the teacher grants permission to have them out, cell phones shall be TURNED OFF and PUT AWAY during class time. Put away means out of sight in a pocket or bag. Set to silence or vibrate is not turned off.
- When a teacher grants permission to use a cell phone, it shall only be used for the purpose determined by the teacher. Unless a teacher states otherwise, cell phones shall not be used to check social media, text, play games, etc.
- Taking photos or videos during class with a cell phone is not permitted unless specifically approved by the instructor.
- The teacher will determine IF and WHEN students may use cell phones or other electronic devices to listen to music.
- The teacher will determine whether or not cell phones may be used during trips to the restroom or vending machine.
- Field trips, work-based learning placements, clinical, CTSO activities, etc., are extensions of the classroom. Teachers will explain proper phone rules and etiquette for those situations as they arise.

Students who violate the cell phone rules will have the following consequences:

- Teacher collects the phone from the student for the remainder of the class period. Teacher documents the violation. Teacher reminds student of the consequences of another offense.
- Teacher collects the phone from the student. Teacher notifies the parent that the second offense has occurred, and that the student may not bring a cell phone to class for the rest of the semester. Cell phone is returned to student at the end of the class period. Teacher documents the violation.
- Next offense(s): Student referred to the office for insubordination, defiance, and/or disrupting class. Teacher shares documentation of previous violations. Progressive disciplinary action will be assigned that may include a behavior intervention module(s), parent meeting, suspension, and/or closed classes.
- A student who refuses to surrender a phone to the teacher will be escorted to the office for disciplinary action.

Compulsory Attendance

Michigan's Compulsory School Law requires a parent/guardian of a child from age six to their eighteenth birthday to send that child to school unless the child is sick or otherwise excused from attendance.

Parents should call the school when their child is ill and may wish to call the school nurse for further information and/or guidance.

Media Release/Classroom Photo Use

Media releases will be issued only by the Associate Superintendent, Communications and Development with approval of the superintendent. A student's picture will be used only with prior written parent/guardian approval. Each program will also need parent/guardian approval for a student to have classroom photos taken for school use.

Extracurricular Activity

GISD programs sponsor many excellent social and athletic functions, and we urge student participation in them because of their overall value.

Once students are in attendance at any after school extracurricular function, they are expected to remain at the activity until its conclusion unless other arrangements are made by the parent/guardian (except in emergency situations, approved by sponsor.)

All school rules apply at any school-related event. Any student who does not conduct him/herself in accordance with school rules may lose the privilege of attending further activities. A student, while on suspension, shall not participate in, or attend any school-related activity, function or event, held on or off school property, without permission of a building administrator.

Student Visitors

Students at sending schools that wish to experience a day at the MMC in order to help them decide on future enrollment may visit with a currently enrolled student. A "Student Visitation Form" must be completed by the instructor and endorsed by a sending school representative before the visitation can occur. This form should be returned to the office. All student visitations must be scheduled one week in advance. On the day of the visit the guest student must report to the office to register and pick-up a VISITOR'S PASS. It is extremely important that classroom activities not be interrupted. Unscheduled visitors in the classroom will not be allowed

Student Fundraising

Students participating in school-sponsored groups and activities will be allowed to solicit funds from other students, staff members, and members of the community as approved by the Center Principal. Students may not participate in fundraising activities off school property without proper supervision by approved staff or other adults.

Audio/Visual Recordings

No student, parent/guardian, or visitor shall be allowed to videotape students or staff members while on school property or in attendance at school-sponsored or school-related events to which the public is not invited, without the prior approval of administration. Use of audio or visual equipment to record classroom activities must be preapproved by the building principal and the teacher. Recording of other school activities to which the public is invited will be in accordance with Board Policy 9160 - Public Attendance at School Events.

Removal/Banning from School Property

A person, including a parent, may be banned from going onto school property in order to preserve order in the educational process or to protect students from potential harm. In accordance with the Michigan Sex Offenders Registrations Act, registered sex offender shall not reside, work, or loiter within a school safety zone. GISD reserves the right to require that a parent/guardian on the sex offender registry be accompanied by a GISD chaperone while on school property.

District Web Site

Much of the information found in this handbook is based on GISD Board Policies. Parents may use this up-to-date resource to find all-encompassing GISD information. You will find a general overview of any school in GISD. You will also find legal notices, special events, and board policy information regarding the Genesee Intermediate School District at the following: www.geneseeisd.org/inside_gisd/board_of_education.

Weapons

The Board prohibits students from possessing, storing, making, or using a weapon in any setting that is under the control and supervision of GISD for the purpose of school activities approved and authorized by GISD including, but not limited to, property leased, owned, or contracted for by GISD, a school-sponsored event, or in a GISD vehicle.

The term "weapon" means any object which, in the manner in which it is used, is intended to be used, or is represented, is capable of inflicting serious bodily harm or property damage, as well as endangering the health and safety of persons. Weapons include, but are not limited to, firearms, guns of any type whatsoever, including air and gas-powered guns (whether loaded or unloaded), knives, razors, clubs, electric weapons, metallic knuckles, martial arts weapons, ammunition, and explosives. The term "dangerous weapon" shall include a firearm (including a starter gun or pistol except as referenced in Board Policy 5772) or any device which will or is designed to or may readily be converted to expel a projectile by the action of an explosive, any destructive device or any explosive, incendiary, or poison gas bomb, grenade, rocket having a propellant charge of more than four (4) ounces, missile having an explosive or incendiary charge of more than one-quarter ounce, mine or similar device; a dagger, dirk, stiletto, knife with a blade over three (3) inches in length, or pocket knife opened by a mechanical device, an iron bar or brass knuckles or, any other weapon as set forth in 18 USC 921. This policy also prohibits any electronic device or spring/manually loaded device that inflicts or causes pain or suffering, including BB pellet, paintballs and bows, unless the device is required for curriculum or course work and has the approval of the Superintendent. When this is the case, the approved staff shall be required to adhere to the appropriate safety standards. Additionally, a detailed inventory shall be maintained at all times.

The Superintendent will refer any student who violates this policy to the student's parent/guardian and to the criminal justice or juvenile delinquency system. The student may also be subject to disciplinary action, up to and including permanent expulsion from a GISD program.

Weapons-Free Zones

The Board of Education, operating within their legal duty to ensure student safety while at school, en route to school, or at school sponsored activities, and an educational environment free from disruption, declares all properties owned or leased by GISD as Dangerous Weapon and Disruption-Free Zones.

No student in possession of a dangerous weapon will be allowed to remain on property owned or leased by GISD at any time, including but not limited to when students are at school, en route to or from school or at a school sponsored activity in accordance with this policy to maintain the least disruptive educational environment and to ensure the safety and welfare of students.

This prohibition does not apply to officers duly sworn to and in good standing with public law enforcement agencies.

This prohibition further does not apply to persons properly licensed to carry a concealed weapon in the following circumstances only:

- A. A parent or legal guardian of a student of the school may carry a concealed weapon in a vehicle on school property if s/he is dropping the student off at the school or picking up the student from the school and any person properly licensed to carry a concealed weapon may carry a concealed weapon solely in the parking lot.
- B. A county corrections officer, a member of a Sheriff's posse, a police or sheriffs reserve or auxiliary officer, or a State Department of Corrections parole or corrections officer, a private investigator, a Michigan State Police motor carrier officer or Capitol security officer, a State court judge, a security officer required by the employer to carry a concealed weapon while on the premises, a court officer, a parole, probation, or corrections officer or absconder recovery unit member of the Department of Corrections, if that individual has obtained a Michigan Department of Corrections weapons permit.
- C. A retired police or law enforcement officer, a retired Federal law enforcement officer, or a retired State court judge, a retired corrections officer of a county sheriff's department, if that individual has received county sheriff approved weapons training, a retired parole, probation, or corrections officer or retired absconder recovery unit member of the Department of Corrections, if that individual has obtained a Michigan Department of Corrections weapons permit.

Asbestos Notice to Parents/Guardians/Students/Staff

Each year the Genesee Intermediate School District must notify parents, guardians, students and staff that we have complied with State and Federal regulations pertaining to asbestos inspections and review.

The AHERA regulation requires surveillance of the condition of asbestos-containing material (ACM) every six months and reinspection's every three years. The last re-inspections were conducted on July 26, 2023 by our environmental consulting firm, Nova Environmental, Inc. The next re-inspections will be scheduled on July 2-4, 2022 6. A six-month periodic surveillance was completed on February 1, 2023. The next six-month periodic surveillance is scheduled on July 18, 2023. The re-inspection and periodic surveillances will be incorporated as part of the management plans.

GISD buildings are in excellent condition with respect to asbestos. All of the areas requiring operation and maintenance activities identified in the last re-inspection have occurred.

Parents, guardians, students and staff should be aware that building reports, located in each principal's office, are available for review at any time.

Pesticide Notice to Parents/Guardians

Each year GISD must notify parents and guardians of the use of insect spray in the facilities. GISD, on an as-needed basis, uses the non-commercial insect spray Down & Out, Fly and Insect Killer. The product is used only in non-food areas, and its primary use is to control flies, mosquitoes, ants and other common pests that may occur. For sustained control of other pests, GISD uses insect baits, which provide no airborne activity. The required Safety Data Sheet is on file for this product and available upon request.

If parents/guardians are aware of a problem related to their student(s) in using this product, please contact the building principal.

RIGHTS AND RESPONSIBILITIES

SPEECH

Every student has the right to express their opinion either verbally or symbolically as long as it does not cause a material or substantial disruption to the educational process. A school instills habits and manners of civility. It is a highly appropriate function of a public-school education to prohibit the use of vulgar and offensive terms in public discourse. Speech that undermines a school's basic educational mission may be subject to discipline.

Press

School-Sponsored Publications: Journalism provides many learning experiences. In a school community, students involved in student publications shall convey information with accuracy and insight in such a manner that truth shall remain predominant. Such publications shall operate under the concept of the First Amendment, which guarantees freedom of the press. The responsibility and authority for decisions based on the standards mentioned above are vested with the principal or designee.

Non-School-Sponsored Publications: Students who edit, publish and/or wish to distribute non-school-publications (handwritten, printed, or duplicated matter) among their fellow students within the school must assume responsibility for the content of such publication and may be restricted as to the time and place of distribution, or may be prohibited from distribution if the principal determines that the material is libelous or obscene according to current legal definition, or would threaten to disrupt the educational process.

The display or distribution of certain written materials which subject a student to discipline include, but are not limited to, materials determined as:

1. causing a material and substantial interference to the educational environment.
2. obscene or containing indecent or vulgar language.
3. defamatory or libelous.
4. invading the privacy of another person.
5. offensive, discriminatory or harassing to a person's race, religion, ethnicity, gender, sexual orientation or gender identity, handicap, national origin, or other protected class under federal or state law.
6. encouraging illegal activity or violation of school rules

Assembly

Students have the right to assemble peacefully. There is an appropriate time and place for the expression of opinions and beliefs. Conducting and/or participating in demonstrations which would materially and substantially disrupt school work or discipline. Behavior that results in the disruption of the educational process, includes unauthorized protest, or violates any of the previously mentioned standards may result in disciplinary action by Mott Middle College.

Personal Appearance

Students have the right to determine their pattern of dress and grooming provided that such dress and grooming do not interfere with the health and safety of themselves or others and do not interfere with the educational process of the school.

Student Activities

Students have the right to participate in school activities regardless of race, sex, color, creed, religion or national origin.

Students may not be denied participation in any activity for any reason other than those established by state, county, and school eligibility requirements legitimately related to the purpose of the activity.

Student Property

A student's personal property is his/her own. Students are, however, discouraged from bringing to school valuable items such as jewelry and other items, which could be stolen, damaged or prove disruptive to others. If valuable personal property is brought to school, the student is responsible for its safe keeping. The search of student property is outlined in the GISD's search and seizure policy, and references made in this document under search and seizure. Rights carry with them certain responsibilities which must be shared by the student, parents, teachers, administrators, and the Board of Education. Expectations for students and adults meet the highest expectations to act and behave responsibly and respectfully. The primary responsibilities of each group are listed below:

Privacy-Student Records

It is the responsibility of the school to protect the student's privacy. Disclosure of information from student permanent records should serve legitimate and educational needs.

Access to permanent student records is available, in consultation with school officials, to authorized school personnel, to the student's parent or legal guardian, to eligible students, and to the students who have reached the age of majority. Access to transcripts of permanent student records may be available to persons or agencies outside the school with consent of the students, if of legal age, or with the consent of parents or legal guardian or by court order of subpoena.

Student records will be compiled, preserved, and accessed in conformity to state and federal statutes.

Privacy-Age of Majority

The Board of Education recognizes when a student reaches the age of majority (18 years) or is declared an emancipated minor by a court of competent jurisdiction, that student is afforded all the rights and privileges of adulthood. When a student with a disability reaches the age of majority, rights of the parent transfer to the student unless the student has been determined to be incompetent under state law or has been determined not to have the ability to provide informed consent with respect to his/her educational program. However, all school rules still apply.

The Michigan Department of Education has stated that rules may be made by the state, local boards of education, teachers, and principals, and those rules may be enforced reasonably against all who are in the school setting, regardless of age. Those rules may be relative to anything necessary for the proper establishment, maintenance, management, and carrying on of the public schools, including rules about student conduct. A student attending school, regardless of age, is covered by board policy which are published on the ISD's website. Eighteen-year-old students may also represent themselves during disciplinary conferences and be in receipt of their own grade reports. To excuse absences, sign permission slips, etc.; students must complete an "Age of Majority" form found in the office. The Michigan compulsory attendance age is 18.

Responsibilities of Students

1. Attend school regularly, on time, prepared to learn to the best of their ability.
2. Respect the rights and feelings of other.
3. Respect the property of others, including school property for which parents have paid through taxes.
4. Follow the requests, instructions, and directions of school personnel and to contribute at all times to the peace and tranquility of the school.
5. Communicate ideas for improvement of the school through representative student government and appropriate staff.

Responsibilities of Parent/Guardians

1. Assist your child in attending school regularly and on time.
2. Provide for your child's health, personal cleanliness, acceptable grooming and suitable dress.
3. Listen to, consult with, understand, and trust your child.
4. Work with school personnel and community groups to communicate concerns which may interfere with a child's education.
5. Teach your child to respect lawful procedures and the rights of others.
6. Encourage, be responsible for, and insistent upon your child's understanding and development of self-reliance and independence.

Responsibilities of Teacher

1. Respect the individuality of students.
2. Assist students in becoming self-reliant and independent.
3. Work with parents, students, and school staff to provide for positive change.
4. Know and enforce consistently and fairly the rules of the individual school and the policies of the district.
5. Notify parents when a student may be failing the course (i.e., progress reports, parent conferences, report cards, and telephone calls).

Responsibilities of Board of Education

1. Hold the Genesee Intermediate School District Superintendent and the school employees responsible for the fair and consistent application of policies of the Board of Education.
2. Work to adopt clear, understandable policies that enforce the goals of the school system, and

3. Maintain open communication with all segments of the community to foster attainment of the best possible educational environment.
4. Adopt policies that clearly promote and provide for a safe and orderly school environment.

The Mott Middle College handbook, once approved by the GISD Board of Education, becomes GISD Board Policy.

STUDENT RECORDS

Annual Notification of Rights and Designation of Directory Information

Each year the GISD is required to give notice of the various rights afforded to parents or students pursuant to the Family Educational Rights and Privacy Act ("FERPA") and Section 1136 of Michigan's Revised School Code. The term "eligible student" refers to a student who is "emancipated", eighteen (18) years of age or older, or attending a post-secondary institution. "Emancipation" is defined under MCL 722.1 as "the termination of rights of the parents to the custody, control, services and earnings of the minor. In accordance with FERPA and state law, you are notified of the following:

1. Right to Inspect: You have the right to inspect and review your education records maintained by or at the Mott Middle College within 45 days of the day the school receives a request for access.

Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. Right to Request Information You have the right to request in writing the following information:
 - a. Student record information disclosed to any person, agency or organization.
 - b. The name and contact information of each person, agency, or organization to which the information has been disclosed; and
 - c. The legitimate reason that the person, agency, or organization had for obtaining the information.

GISD is not required to report student information that is disclosed in certain circumstances, outlined in Section 1136(3) of the Revised School Code.

3. Right to Request Amendment: You have the right to seek to have corrected any parts of an education record, which you believe to be inaccurate, misleading, or otherwise in violation of your student's privacy. Parents or eligible students who wish to ask the school to amend a record should write the school principal, clearly identify the part of the record they want amended, and specify why it is inaccurate, misleading, or a privacy violation. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible

student when notified of the right to a hearing. If no change is made to the education record after the hearing, you have a right to place a written statement in the record.

4. **Right to Prevent Disclosure:** You have the right to prevent disclosure of education records to third parties including recruiters of the U.S. Armed Forces with certain limited exceptions. It is the intent of the Board of Education to limit the disclosure of information contained in your education records to those instances when prior written consent has been given to the disclosure, as an item of directory information of which you have not refused to permit disclosure, or under the provisions of FERPA or Section 1136 of the Revised School Code which allow disclosure without prior written consent. One such exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the Board as an administrator, supervisor, teacher/instructor (including substitutes), or support staff member (including health or medical staff and law enforcement unit personnel); and a person serving on the Board. The Board further designates the following individuals and entities as "school officials" for the purpose of FERPA; persons or companies with whom the Board has contracted to perform a specific task (such as an attorney, auditor, insurance representative, or medical consultant), contractors, consultants, volunteers or other parties to whom the Board has outsourced a service or function otherwise performed by the Board employees (e.g. a therapist, authorized information technology (IT) staff, and approved online educational service providers).

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. FERPA permits schools to comply with court orders addressing child abuse, neglect, or dependency matters without attempting to first notify parent of student.

5. **Right to Complain:** You have the right to file a complaint with the United States Department of Education concerning the alleged failure of the Mott Middle College to comply with FERPA. The Family Policy Compliance Office in the U.S. Department of Education administers both FERPA and Protection of Pupil Rights Amendment (PPRA). Parents and/or eligible students who believe their rights have been violated may file a complaint with:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue SW
Washington, DC 20202-4605
www.ed.gov/offices/OM/fpc

5. **Right to Obtain Policy:** You have the right to obtain a copy of the policy adopted by the Board of Education in compliance with FERPA. A copy may be obtained in person or by mail from:

Office of the Superintendent
Genesee Intermediate School District
2413 W. Maple Avenue
Flint, Michigan 48507-3493
or on the website at www.geneseeisd.org

7. Right to Object to Release of Directory: Generally, school officials must have written permission from the parent of a student or an eligible student before releasing any information from a student's record. However, FERPA allows school districts to disclose, without consent, "directory" information. The Board of Education has designated the following personally identifiable information contained in a student's education record as "directory information":

- a. a student's name.
- b. participation in officially recognized activities and sports.

The Superintendent or designee will also develop a list of uses for which the GISD commonly would disclose a student's directory information and develop an opt-out form that lists all of the uses or instances and allows a parent or legal guardian to elect not to have their child's directory information disclosed for one (1) or more of these uses. A parent or an eligible student may also elect, through the GISD opt-out form, to prevent disclosure of any directory information.

Each student's parent or legal guardian will be provided the opt-out form within the first thirty (30) days of the school year. The form shall also be provided to a parent or legal guardian at other times upon request.

If an opt-out form is signed and submitted to the GISD by a student's parent/guardian, the GISD will not include the student's directory information in any of the opted-out uses as identified on the signed and submitted opt-out form. A student who is at least age eighteen (18) or is an emancipated minor may act on their own behalf as to the opt-out form.

GISD maintains at least two epinephrine auto-injectors, commonly known as “epi-pens,” in each school building. Trained staff will administer an epinephrine auto-injector to any individual on school grounds believed to be having an anaphylactic reaction. If administered to a student, the parent/legal guardian will be notified.

Concussions

To provide for the safety of students, all applicable programs of the GISD shall comply either with the concussion protocols of the Michigan High School Athletic Association, or the protocols set forth by the CDC, which shall meet all the requirements of State Law and Department of Community Health guidelines regarding concussion awareness training and protection for youth. The GISD shall comply with whichever standards are more protective. M.C.L. 333.9155-333.9156

Use of Medication

Prescribed medications are prohibited on the campus without prior authorization. Before any prescribed medication or treatment may be administered to any student during school hours, the District shall require the written prescription from the student’s health care provider accompanied by the written authorization of the parent/guardian. Both must authorize any self-medication by the student.

A “Medication Consent Form” must be obtained from the office, completed by the parent/guardian, endorsed by the physician, and kept on file in the office. Medications must be administered by one (1) adult in the presence of a second adult, except where the individual administering the medication is a licensed nurse (as described in the Michigan Revised School Code, R.C. 380.1178), or when an emergency threatens the life or health of the student.

Students may possess and self-administer a metered-dose or dry powder inhaler for relief of asthma, or before exercise to prevent onset of asthma symptoms, while at school, on school-sponsored transportation, or at any school-sponsored activity in accord with the District's guidelines, if the following conditions are met:

1. there is written approval from the student’s physician or other health care provider and the student or parent/guardian (if student is under eighteen (18)) to possess and use the epinephrine auto-injector and;
2. the building administrator has received a copy of the written approvals from the health care provider and the parent/guardian and;
3. written emergency care plan prepared by a health care provider with the student’s parent/ guardian is on file at the student’s school. Such plan shall contain specific instructions on the student's needs including what to do in the event of an emergency.

Students with a need for emergency medication may also be allowed to self-possess and self-administer such medication, provided that they meet the same conditions established above. Students who are prescribed epinephrine to treat anaphylaxis shall be allowed to self-possess and administer the medication if they meet the conditions stated above.

No student is allowed to provide or sell any type of over-the-counter medication to another student. Violations of this rule will be considered violations of Policy 5530 - Drug Prevention and of the Student Discipline Code/Code of Conduct.

Before any non-prescribed medication or treatment may be administered, the District shall require the prior written consent of the parent/legal guardian along with authorization for any self-medication by his/her student. Administration of all forms of medication shall be administered by the District, in accordance with the District's guidelines.

Students shall be permitted to possess and self-administer U.S. Food and Drug Administration (FDA) approved, over-the-counter topical products while on school property or at a school-sponsored event provided the student has submitted prior written approval of student's parent/guardian to the Principal or designee of the student's school.

Illness and Injury

In case of illness and injury, parents must keep their child's school informed with emergency phone numbers and any changes that might occur.

Parents must notify the school if their child has any serious communicable disease: COVID-19, Hepatitis B, AIDS (Acquired Immune Deficiency Syndrome), ARC (Aids Related Complex), herpes, or other like diseases that may present potentially serious health problems for those who come in contact with the disease or the disease carrier.

COVID-19

GISD will adhere to current guidelines and/or recommendations from the Centers for Disease Control and Prevention (CDC), the Michigan Department of Health and Human Services, and/or the local health department or any other governing orders when determining when it is safe for a staff/student to return to work/school after displaying symptoms of COVID-19, testing positive for COVID-19 or coming into close contact with someone with a confirmed case of COVID-19 or who is displaying one or more of the principal symptoms of COVID-19.

Child Abuse or Neglect

The Michigan Child Protection Law requires that any school administrator, teacher, nurse, counselor, social worker or child care worker report all cases of suspected child abuse or neglect on behalf of children under 18 years of age. The law provides legal immunity for such persons acting in good faith and making reports or

assisting in any other requirements of the law. Furthermore, school staff must report suspected abuse or neglect for vulnerable adults.

Student Illness

When students become ill during the school day, they should report to the Main Office so that parents/guardians may be contacted. Students will be given permission to go home only after parents/guardians have been contacted. In the event that a parent/guardian cannot be contacted, a person listed on the Emergency Form will be contacted. If a parent approved adult cannot be contacted, the student will remain in the Main Office. If the illness appears severe, paramedics will be called, and the student will be taken to the hospital that has been listed on the Emergency Form.

Emergency Information

All students are required to have current medical emergency information on file at all times. Students who do not have current information on file will not be allowed to enroll in any classes until the information is available. Emergency information is updated yearly; however, if any information such as doctor's name, address and phone number or the student's phone number or parent/guardian status change, the parent/guardian is responsible for notifying the office.

ENFORCEMENT OF RIGHTS, RESPONSIBILITIES & RULES

Discipline

In accordance with the provisions of law, the Board of Education approves the following administrative procedures when a student's behavior interferes with their own educational opportunity or that of others, or with the safe orderly conduct of school activities.

Each prohibited act listed here sets forth the discipline that may be imposed for a violation. The discipline for violating some prohibited acts ranges from administrative intervention to expulsion ; for other prohibited acts, the penalty ranges from suspension to expulsion; and, for violation of the most serious prohibited acts, the penalty is expulsion. In cases where the stated penalty is not expulsion, but is set forth in terms of a range, the actual penalty imposed will depend on the student's age, disciplinary history, whether the student is a student with a disability, the seriousness of the behavior, the recommendation of school personnel, the particular facts involved, and all other relevant circumstances. Restorative practices will also be considered as an addition or alternative to discipline.

The method of discipline used is at the discretion of school staff following guidelines of this student handbook. The disciplinary measure selected should be the least severe and most constructive possible for the circumstances. The prohibited acts and penalties in this student handbook are applicable when a student:

1. Engages in a prohibited act on any premises or property owned, leased, or used by GISD;

2. Engages in a prohibited act in a motor vehicle owned or leased by GISD or being used for a school business-related purpose;
3. Engages in a prohibited act at a school-related activity, function, or event;
4. Engages in a prohibited act in route to or from GISD or a GISD-related activity, function, or event;
5. Engages in prohibited act that has a sufficient nexus to or with GISD, GISD personnel or students, or GISD property or adversely affects the educational environment.

Definitions of Discipline and interventions

1. **Administrative Intervention:** Disciplinary action that does not result in a student being suspended, expelled, or closing of program. For example, administrative intervention includes but is not limited to measures such as: restorative practices, the removal of a student from a class period; a reprimand; additional classroom assignments; revocation of the privilege of attending non-classroom functions, activities, and/or events.
2. **Suspension:** Removal of a student from a GISD program for disciplinary reasons for a specific period of time that is less than sixty (60) school days. Students with disabilities who are removed for more than 10 consecutive school days, or whose removals from school constitute a change of placement, will be entitled to a manifestation determination review (MDR). Students with disabilities may be entitled to the provision of appropriate educational services during the time of the suspension, as determined by the IEP Team.
3. **Expulsion:** Any removal of a student from a GISD program for disciplinary reasons for 60 or more school days will be deemed an “expulsion.” Students with disabilities who are disciplined for more than 10 consecutive school days, or whose removals from school constitute a change of placement, will be entitled to a manifestation determination review (MDR). Students with disabilities may be entitled to the provision of appropriate educational services during the time of expulsion, as determined by the IEP Team
4. **Closing of Program:** Lack of academic progress may result in the student’s ineligibility to continue enrollment in Mott Middle College. The ineligibility to continue enrollment in this program is considered the “closing” of the program to the student. The process of closing a student’s program will be consistent with the procedures set forth in Board Policy 5610 and Administrative Guideline 5610.

If a student’s program has been closed, the student may petition for reinstatement pursuant to Board Policy 5610 and Administrative Guideline 5610.

5. **Positive Behavioral Interventions and Supports:** Positive Behavioral Interventions and Supports (PBIS) are a broad range of systematic and individualized strategies for achieving important social and learning outcomes while preventing problem behavior with all students. The emphasis is on a school-wide system of support that includes proactive strategies for defining, teaching, and supporting appropriate student behaviors to create positive school environments. Restorative practices shall be considered as a strategy to support student behavior.
6. **Bus/Transportation Suspension or Expulsion:** Suspension or expulsion of student from bus based on student’s conduct on bus.

The precise discipline to be imposed may vary in type or length depending upon the seriousness of the misconduct, consideration of the restorative practices, and the cumulative effect of the misconduct.

7. **Consideration of Individual Factors.** Before a student is removed from a GISD program for any period of time (including suspension or closing of program), administrators will consider:

1. The student's age;
2. The student's disciplinary history;
3. Whether the student is a student with a disability;
4. The seriousness of the violation or behavior committed by the student;
5. Whether the violation or behavior committed by the student threatened the safety of any student or staff member;
6. Whether restorative practices will be used to address the violation or behavior committed by the student; and
7. Whether a lesser intervention would properly address the violation or behavior committed by the student.

Restorative Practices. Consistent with Michigan law, MCL 380.1310d, in each case, GISD will consider restorative practices as an addition or alternative to suspension or closing of classes. Restorative practices are practices that emphasize repairing the harm of the victim and the MMC community of a student's misconduct or other behavior. Restorative practices may be considered and implemented by a restorative practices team. The restorative practices team may be constituted and act in the manner described in Section 1310c(2) of the Revised School Code or in a similar manner, depending on the circumstances as a whole in the sole discretion of the Superintendent. Restorative practices should be the first consideration to remediate offenses such as interpersonal conflicts, verbal and physical conflicts, theft, damage to property, class disruption and harassment, bullying and cyberbullying.

Bomb threats and similar threats directed at a school building, school property, or a school-related event are considered threats.

Penalty - administrative intervention to expulsion.

4. Bullying

Bullying or other aggressive behavior, including cyberbullying, toward a student, whether by students, staff, or third parties, including Board members, parents, guests, contractors, vendors, and volunteers, is strictly prohibited. This prohibition includes physical, verbal, and psychological abuse, including hazing, gestures, comments, threats, or actions to a student which cause or threaten to cause bodily harm, reasonable fear for personal safety, or personal degradation.

“Bullying” under this policy means any written, verbal, or physical acts, including cyberbullying, that, without regard to its subject matter or motivating animus, is intended or that a reasonable person would know is likely to harm one (1) or more students either directly or indirectly by doing any of the following:

- Substantially interfering with educational opportunities, benefits, or programs of one (1) or more students.
- Adversely affecting the ability of a student to participate in or benefit from GISD's educational programs or activities by placing the student in reasonable fear of physical harm or by causing substantial emotional distress.

"Cyberbullying" under this policy means any electronic communication, including, but not limited to, electronically transmitted acts, such as internet, telephone or cell phone, personal digital assistant (PDA), or wireless handheld device that is intended or that a reasonable person would know if likely to harm one (1) or more students either directly or indirectly by doing any of the four items listed above.

This policy applies to all "at-school" activities in GISD, including activities on school property, in a school vehicle, and those occurring off school property if the student or employee is at any school-sponsored, school-approved, or school-related activity or function, such as field trips or athletic events where students are under the school's control, or where an employee is engaged in school business. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment.

Any student who believes they are the victim of bullying by another student should immediately report the situation to the principal or designee. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official.

Any student who believes they are the victim of bullying by an adult must report the situation to the principal or designee and GISD compliance officer. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

A student may also submit a report or complaint to any of the above designated individuals through email, voicemail, regular mail, or by leaving a sealed note addressed to the individual at that person's office or desk. The student may submit a report or complaint anonymously, but this may affect the ability to fully investigate the matter, when the complaining student is not available to provide additional information during the course of the investigation. The identity of a student who reports bullying, hazing, or aggressive behavior, as well as those students who provide information during an investigation will remain confidential to the extent possible and allowable by law.

Upon receipt of a complaint of bullying GISD shall conduct a prompt investigation. The building principal or designee will be responsible for conducting and documenting the investigation. If, during the investigation, the principal or designee determines that the reported misconduct may have created a hostile learning environment or may have constituted unlawful discriminatory harassment based on a Protected Class, the principal or designee will report the suspected harassment to one of the Anti-Harassment Compliance officers so that it may be investigated in accordance with the procedures set forth in Policy 5517 - Anti-Harassment.

Retaliation or false allegations against any person who reports, is thought to have reported, files a complaint, participates in an investigation or inquiry concerning allegations of bullying, aggressive

behavior, hazing, or unlawful harassment, or is the target of the bullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy, independent of whether a complaint of bullying, aggressive behavior, hazing, or unlawful harassment is substantiated. Suspected retaliation should be reported in the same manner as bullying/aggressive behavior. Making intentionally false reports about bullying, aggressive behavior, hazing, or unlawful harassment is similarly prohibited and will not be tolerated.

GISD Board Policy 5517.01 provides more information, and this handbook shall serve as notice of the Board's policy and compliance with PA 241 of 2011.

Student Due Process

A student will not be suspended or removed from a GISD program without due process. Discipline in the form of administrative intervention is solely within the discretion of the building principal or designee. The following due process procedure will be followed when any student is accused of violating a school rule.

1. The student will be informed of the specific charge(s), which could be the basis for disciplinary action to be taken.
2. The student will have the opportunity to respond to the charge(s) and present any relevant information that will support the student’s defense.
3. If the proposed exclusion from a GISD program is for a period of more than ten (10) consecutive school days, the student and parent/guardian will have the opportunity for a hearing with the Superintendent or designee.

Before a student is suspended from a GISD program for any period, administrators will consider the individual factors listed in this section and consideration of restorative practices.

1. The student's age.
2. The student's disciplinary history.
3. Whether the student is a student with a disability.
4. The seriousness of the violation or behavior committed by the student.
5. Whether the violation or behavior committed by the student threatened the safety of any student or staff member.
6. Whether restorative practices will be used to address the violation or behavior committed by the student.
7. Whether a lesser intervention would properly address the violation or behavior committed by the student.

A reasonable attempt will be made to notify the student’s parent/guardian on the day of the offense. If disciplinary action involves suspension from a GISD program, a letter will be given to the student with an additional copy being sent home via U.S. Mail. The written notice will include a description of the misconduct, a description

of the disciplinary action imposed, the length of the suspension, and steps necessary for the student to return to school. In many cases, the parent will be asked to meet with the student's teacher and school staff to plan for the student's return to the school setting and to plan actions that will reduce the likelihood of the misconduct occurring in the future.

If the student subject to suspension is a student with a disability, the Board of Education will abide by Federal and State laws regarding suspension from MMC. When a student with a disability is subject to suspension for more than ten (10) consecutive school days, or where the student has been subjected to a series of disciplinary exclusions that constitute a pattern, a manifestation determination review (MDR) will be convened.

Teacher-Imposed Suspensions

A student may be removed from a class, subject, or activity for up to one (1) day by a teacher for certain conduct. A student so removed may not be allowed to attend other classes taught by other teachers during the term of a one (1) day removal.

At the discretion of the principal or designee, a student who receives a teacher-imposed suspension from a class, subject, or activity may be permitted to attend other classes, subjects, or activities if the student's conduct does not otherwise qualify for a multiple day suspension or program closure in accordance with this handbook.

If the student remains at school, the student shall be appropriately supervised while suspended from the class, subject, or activity.

All teacher-imposed suspensions shall be applied in a manner consistent with MMC student discipline procedures, as well as all federal and state laws for students determined to be eligible for special education programs and services.

Short-Term Suspensions

A short-term suspension is a denial to a student of the right to attend school and to take part in any school function for a period of time up to and including ten (10) school days. The principal or designee may invoke a short-term suspension only after investigating the misconduct following these procedures:

1. The student and parent/guardian will be notified of the charges in writing.
2. The student involved shall have the opportunity to respond to the charges and offer evidence and/or witnesses to provide additional information or evidence on their behalf.
3. A short-term suspension shall be levied solely at the discretion of the building principal or designee based on the findings of the investigation.

Once a principal or designee has determined that a short-term suspension is in order, they shall follow the procedures for implementing a short-term suspension from school.

GCI encourages a student who has been suspended to make up missed class work. Such work may be made up while the student is suspended and must be submitted within two (2) school days from the date of returning to classes, unless otherwise agreed upon by the building principal, the student, and the teacher involved. Some course work that is heavily dependent on class performance and group discussion may be impossible to make up.

Long-Term Suspensions

A long-term suspension is a denial to a student of the right to attend school and to take part in any school function for up to sixty (60) school days. If, after an investigation, the principal or designee decides that a suspension for eleven (11) or more school days is warranted, the student and the parent/guardian shall be notified in writing of:

1. The charges against the student;
2. The recommended disciplinary action;
3. The fact that a hearing will be held before an impartial school employee (i.e., hearing officer);
4. The time, place, location, and procedures to be followed at the hearing;
5. The right to appeal any adverse decision of the hearing officer to the Superintendent.

The written notice will also document the principal or designee's consideration of the individual factors listed above. If the principal or designee decides that the student's presence in school would present a danger to the student or other students, school personnel, or the educational process, the student shall be suspended pending the decision by the hearing officer. If the student would not present a danger, the student may return to school pending the decision of the hearing officer.

If the student is suspended pending a decision of the hearing officer, the Superintendent or designee will appoint the hearing officer and schedule the hearing to commence within ten (10) school days following the initial suspension of the student. The timelines for commencement of the hearing may be extended (up to an additional ten (10) school days) upon the request of the Administrator, student, parent/guardian. If the request for extension is by the Administrator, written consent shall be obtained from the eligible student or parent/guardian.

Appeals and Reviews of Suspensions

Appeals of suspensions are available to the student and parent/guardian of the involved student. Such appeals must, however, follow the steps listed below. Appeals must be in writing and submitted within five (5) school days of the receipt of the letter of suspension and must be directed to the Administrator at the Level specified below. The process is as follows:

- An appeal for a short-term suspension of ten (10) days or less shall constitute two levels:
 - **Level I** - an appeal for a suspension of ten (10) days or less may be made to the building principal.
 - **Level II** - further appeal may be made to the Deputy Superintendent of GISD who will review the case with the building principal. Based upon the review, the Deputy Superintendent of GISD will adjust, revoke, or sustain the suspension. The Deputy Superintendent's decision will be final.
- An appeal for a long-term suspension of more than ten (10) days and not exceeding sixty (60) school days or the balance of the current school year shall constitute three levels:
 - **Level I** - appeals may be submitted to the building principal.
 - **Level II** - additional appeal may be made to the Deputy Superintendent of GISD. Following review, the Deputy Superintendent of GISD will adjust, revoke, or sustain the suspension.
 - **Level III** - further appeal may be made to the Superintendent of GISD. Based upon the review, the Superintendent of GISD will adjust, revoke, or sustain the suspension. The Superintendent's decision shall be final.

At all appeal levels the person hearing the appeal shall notify the student/parents of their decision concerning the appeal in writing within three (3) school days from the date of the hearing/review. The person representing the next level of appeals, as well as those persons having heard the appeal previously, should also be notified.

Closing of Program

Lack of academic progress may result in the student's ineligibility to continue enrollment in the Mott Middle College Program. The principal or designee may invoke a closing of the program only after following these procedures:

- a. Notify the student and the parent(s) or legal guardian of the charges.
- b. Accept information from persons having knowledge of the incident. The student involved shall also have the opportunity to express their side of the problem and to have persons give information on his/her behalf.
- c. The accused shall be given an opportunity upon his/her request or that of the parent(s) to face his/her accuser. Should the principal or his/her designee consider that such a meeting would prove to be threatening to either party, he/she may deny the request.
- d. Should the review by the Superintendent of GISD or his/her designee take longer than ten days, the student should be allowed to attend classes from the conclusion of the tenth day until the review is completed.
- e. If, after the review, the Superintendent of GISD or his/her designee concurs with the decision of the principal or his/her duly authorized agent, the principal or his/her duly authorized agent shall follow the procedures for implementing a long-term suspension from school.

Expulsion

The principal may immediately close classes and remove the student from school if the student's presence poses a continuing danger to persons or property or any ongoing threat of disrupting the academic process. The principal shall immediately notify the Deputy Superintendent of GISD of the recommended expulsion, accompanying this recommendation with all documentary evidence available in support of the recommendation. The Deputy Superintendent shall immediately notify the Superintendent or their designee of the recommendation of the principal and alleged offense. If the Superintendent or their designee concurs with the recommendation of the principal, the Superintendent shall notify the principal, include a statement of the charges against the student, a statement that the student is entitled to a hearing on the charges at which they may be represented by the date, time and place of the hearing on the charges. The Board of Education shall convene at the date, time, and place set forth in the notice or at any adjourned date agreed upon between the student, their parents, and the Board of Education. The Hearing Panel shall hear all pertinent testimony and evidence offered in support of and in opposition to the charges, and at the conclusion of the hearing or as soon thereafter as shall be practicable, the board shall issue its decision in writing. The Superintendent shall promptly, after the decision of the Board is rendered, give a copy of the decision to the student and their parents. All notices required or permitted to be given by this section shall be delivered to the person or persons entitled thereto or sent by registered mail return receipt requested.

Reinstatement for a Student

Students who have had a program closed, or their parent/guardian, may petition the GISD Board of Education at any time after the expiration of 150 school days subsequent to the date of the closure of programs. The GISD will make available the proper forms to those who wish to petition for reinstatement. The petitioner shall provide an

authorization and release for the GISD Board and its designated committee to request, receive, and review all student records and student record information maintained by any public or private school which the petitioning student has attended. If such records are already in the possession of the GISD, the parent/guardian or student (if emancipated) shall furnish written authorization for review of same by the committee and board members.

Upon receipt of a petition for reinstatement, the GISD shall do the following:

- Not later than ten (10) school days after receiving a petition for reinstatement, the school board shall appoint a committee to review the petition and any supporting information submitted by the parent/guardian or from the student.
- The committee shall consist of two (2) school board members, one (1) school administrator, one (1) teacher, and one (1) parent of a student attending the GISD.
- The Superintendent of GISD may prepare and submit for consideration by the committee information concerning the circumstances of the program closure and any factors mitigating for or against reinstatement.
- Not later than ten (10) school days after all members are appointed, the committee shall review the petition and any supporting information, including any information provided by the GISD, and shall submit a recommendation to the school board on the issue of reinstatement.
- The recommendation of the committee shall be for unconditional reinstatement, for conditional reinstatement or against reinstatement, and shall be accompanied by an explanation of the reasons for the recommendation and of any recommended conditions for reinstatement.
- The Superintendent shall be allowed to attend meetings of the committee appointed by the Board when considering petition for reinstatement.

Criteria for Reinstatement

The designated committee and the Board of Education shall consider at least the following factors when a petition for reinstatement is submitted:

- Whether the reinstatement would create a risk of harm to other students or school personnel.
- Whether reinstatement would create a risk of GISD or individual liability for the school board or GISD personnel.
- The age and maturity of the individual.
- The individual's school record before the incident that caused the closure of programs.
- The individual's school record before the incident that caused the closure of programs.
- The individual's attitude concerning the incident that caused the closure of programs.
- The individual's behavior since the closure of programs and the prospects for recommendation of the individual.
- The degree of cooperation and support from the individual's parent/guardian as well as any support which may be expected from a parent/guardian if the student is reinstated.

Petitions for reinstatement from students whose programs have been closed by the Board of Education of another school district shall not be processed if the student has not first submitted a petition for reinstatement to the expelling Board.

Conditions of Reinstatement

The Board may require a student (and if the petition was filed by a parent/guardian, the parent/guardian) to agree in writing to specific conditions before reinstating the student. These conditions may include, but are not limited to:

- Signing a behavior contract.
- Participation in or completion of an Anger Management Program or other appropriate counseling (at the expelled student's expense).
- Periodic progress reviews.
- Specific immediate consequences for failure to abide by any conditions of reinstatement.

Counseling

In certain instances, a student may be encouraged to enter individual or group counseling within the school environment or with a counselor outside of the school. Each case shall be handled on an individual basis, keeping in mind the needs of the student and the needs of the school community.

Behavioral / Academic / Attendance Probation

The Superintendent of GISD or designee or the principal or designee may, in addition to or in lieu of other disciplinary action, place any student who has been involved in an infraction of school rules on behavioral probation. Probation will be for a definite time period during which critical examination and evaluation of the student's progress should take place.

During the probation period, the student may be denied the privilege of participation in or attendance at all extra-curricular activities. At the close of the probationary period, the individual case shall be reviewed, and the student may regain all privileges. If the student is further involved in an infraction of school rules during the probationary period, the student shall be suspended or denied certain extra-curricular privileges under the stipulations set forth in the probationary agreement.

The parent/guardian will be notified by the principal or designee that the student is being placed on probation, including the length of the period, the terms of the probation, and the possibility of suspension if the student is found in further violation of the school rules during probation.

The student will be removed from probation if, at the completion of the probationary period, satisfactory adjustment has been made as agreed upon by the student, the staff member overseeing the student during probation, and the school's administrative staff. In addition, any student who has amassed serious academic or attendance deficiencies may be placed on a probation program.

Student Property – Search and Seizure

Search of a student's person and possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board of Education, if there is reasonable suspicion that the student is in violation of the law or school rules and that the search will uncover evidence of the violation. A search may also be conducted

to protect the health and safety of others. Searches may be conducted with or without a student's consent. Any law enforcement agency with jurisdiction over the school may assist the school personnel consistent with state and federal law.

Students are provided lockers, desks, and other equipment in which to store materials. This equipment is GISD property, may be searched at any time, and are subject to routine search. Students have no expectation of privacy in lockers, desks, or other GISD property. Locks are to prevent theft, not to prevent searches. If student lockers require student-provided locks, each student must provide the lock's combination or key to the administrator.

Anything found in the course of a search that may be evidence of a violation of school rules or the law may be confiscated and held or turned over to the police. GISD reserves the right not to return illegal items which have been confiscated. In the course of any search, students' privacy rights will be respected regarding any items that are not illegal or against school policy.

All computers located in GISD classrooms, labs, and offices of GISD are GISD's property and are to be used by students, when appropriate, solely for educational purposes. GISD retains the right to access and review all computer files, databases, and any other electronic transmissions contained in or used in conjunction with GISD's computer system, and electronic mail. Students should have no expectation that any information contained on such GISD systems or devices is confidential or private.

A student's personal property is their own. Students are, however, discouraged from bringing valuable items, such as jewelry or other items that could be stolen, damaged, or prove disruptive, to school. If valuable personal property is brought to school, the student is responsible for its safe keeping. MMC assumes no responsibility for student property that is lost or damaged. The search of student property is outlined in the GISD's search and seizure policy, and references made in this document under search and seizure.

Rights carry with them certain responsibilities which must be shared by the student, parents, teachers, administrators, and the Board of Education.

Grievance Procedure

INVESTIGATION AND COMPLAINT PROCEDURE

Except for Sexual Harassment as defined under Title IX (see GISD Board Policy 2266 below for Title IX Sexual Harassment, any student who believes that they have been subjected to unlawful harassment may seek resolution of the complaint through the informal and/or formal complaint procedures below. The formal complaint process involves an investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

INFORMAL PROCEDURE

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided for a student who believes they have been unlawfully harassed or retaliated against. This informal procedure is not required

as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

Students who believe that they have been unlawfully harassed against may proceed immediately to the formal complaint process but are not required to do so.

The Complainant may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a District employee, any other adult member of the School District community, or a third party and student will be formally investigated.

The School District's informal complaint procedure is designed to provide students who believe they are being unlawfully harassed with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but is not limited to, one (1) or more of the following:

- A. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the respondent.
- B. Distributing a copy of Policy 5517– Non-Discrimination/Anti-Harassment as a reminder to the individuals in the school building or office where the Respondent works or attends.
- C. If both parties agree, the Anti-Harassment Compliance Officer (CO) may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

A Complainant may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the Superintendent or other District-level employee; and/or (3) directly to one (1) of the Compliance Officers. All informal complaints must be reported to one (1) of the COs who will either facilitate an informal resolution or appoint another individual to facilitate an informal resolution. While there are no set time limits within which an informal complaint must be resolved, the CO or designee will exercise their authority to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint.

FORMAL COMPLAINT PROCEDURE

The formal complaint process shall be implemented if one of the following occurs: (1) a complaint is not resolved through the informal complaint process, (2) one (1) of the parties requested that the informal complaint process be terminated to move to the formal complaint process, (3) if the Complainant, from the outset, elects to file a formal complaint, or (4) the CO determines the allegations are not appropriate for resolution through the informal process.

A Complainant may file a formal complaint, either orally or in writing, with a teacher, Principal, or other District employee at the student's school, the Compliance Officer, Superintendent, or another District official who works at another school or at the District level. Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs. If a Complainant informs a teacher, principal, or other District official at the student's school, Superintendent, or other District employee, either orally or in writing, about any complaint of harassment or retaliation, that employee must report such information to the CO within two (2) business days.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation.

Within two (2) business days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation.

Although certain cases may require additional time, the CO or designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations.
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO or designee shall prepare and deliver a written report to the Superintendent. At the conclusion of the additional investigation, the Superintendent shall issue a final written decision.

The District will accommodate the use of certified service animals when there is an established need for such supportive aid in the school environment. Certain restrictions may be applied when necessary due to allergies, health, safety, disability or other issues of those in the classroom or school environment. The goal shall be to provide all students with the same access and participation opportunities provided to other students in school. Confirmation of disability, need for a service animal to access the school programming, and current certification/training of the service animal may be required.

The COs are responsible for coordinating the District's efforts to comply with applicable Federal and State laws and regulations, including the District's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination, retaliation or denial of equal access. The COs shall also verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination Act of 1975 is provided to students, their parents, staff members, and the general public. The Board is committed to educating (providing for the education of) each qualified person with a disability with persons who are not disabled to the maximum extent appropriate. Generally, the District will place a person with a disability in the regular educational environment unless it is demonstrated that the education of the

person in the regular environment, even with the use of supplementary aids and services cannot be achieved satisfactorily. If the Board operates a separate class or facility that is identifiable as being for persons with disabilities, the facility, program, and activities and services must be comparable to the facilities, programs, and activities and services offered to students without a disability.

In addition, the Superintendent or designee shall establish procedures to identify students who are Limited English Proficient (LEP), including immigrant children and youth, to assess their ability to participate in District programs, and develop and administer a program that meets the English language and academic needs of these students. This program shall include procedures for student placement, services, evaluation and exit guidelines and shall be designed to provide students with effective instruction that leads to academic achievement and timely acquisition of proficiency in English. As a part of this program, the District will evaluate the progress of students in achieving English language proficiency in the areas of listening, speaking, reading and writing, on an annual basis (also see Policy 2225). The Superintendent or designee is responsible for verifying that a concentration of students who are Limited English Proficient (LEP) in one or more programs is not the result of discrimination.

Reports and Complaints of Unlawful Discrimination and Retaliation

Students and Board employees are required, and all other members of the School District community and third parties are encouraged to promptly report incidents of unlawful discrimination and/or retaliation to a teacher, administrator, supervisor, or other District official so that the Board may address the conduct. Any teacher, administrator, supervisor, or other District employee or official who receives such a complaint shall file it with the CO within two (2) days.

Members of the School District community, which includes students or third parties, who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known, and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the Principal believes that the reported misconduct may constitute unlawful discrimination based on a Protected Class, the Principal shall report the act to a CO who shall investigate the allegation in accordance with this policy. While the CO investigates the allegation, the Principal shall suspend the Policy 5517.01 investigation to await the CO's written report. The CO shall keep the Principal informed of the status of the Policy 2260 investigation and provide the Principal with a copy of the resulting written report.

The COs are available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept reports of unlawful discrimination/retaliation directly from any member of the School District community or a third party or receive reports that are initially filed with another

Board employee. Upon receipt of a report of alleged discrimination/retaliation, the CO will contact the Complainant and begin either an informal or formal process (depending on the Complainant's request and the nature of the alleged discrimination/retaliation), or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to the Complainant and the Respondent or any person who files a complaint. In the case of a formal complaint, the CO will prepare recommendations for the Superintendent or oversee the preparation of such recommendations by a designee. All members of the School District community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) days of learning of the incident/conduct.

Any Board employee who directly observes unlawful discrimination/retaliation of a student is obligated, in accordance with this policy, to report such observations to a CO within two (2) business days. Additionally, any Board employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO or designee must contact the Complainant if age eighteen (18) or older, or the Complainant's parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Investigation and Complaint Procedure

Except for sex discrimination and/or Sexual Harassment that is covered by Policy 2266 – Nondiscrimination on the Basis of Sex Education Programs or Activities, any student who alleges to have been subjected to unlawful discrimination or retaliation may seek resolution of a the complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims of discrimination/retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals are encouraged to file a complaint within thirty (30) days after the conduct occurs. Once the formal complaint process begins, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights ("OCR"). The Cleveland Office of the OCR can be reached at 1350 Euclid Avenue, Suite 325, Cleveland, Ohio 44115; Telephone: (216) 522-4970; Fax: (216) 522-2573; TDD: (216) 522-4944; E-mail: ocr.cleveland@ed.gov; Web: <http://www.ed.gov/ocr>.

Informal Complaint Procedure

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for

a student who alleges unlawful discrimination or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint.

The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process and individuals who participate in the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a District employee, or any other adult member of the School District community and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe doing so, the individual should tell or otherwise inform the Respondent that the allegedly discriminatory/retaliatory conduct that it is inappropriate and must stop. The Complainant should address the alleged misconduct as soon after it occurs as possible. The COs are available to support and counsel the Complainant when taking this initial step or to intervene on behalf of the individual if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination, such as sexual discrimination, the CO may advise against the use of the informal complaint process. Complainant who alleges unlawful discrimination/retaliation may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the Superintendent or other District-level employee; and/or (3) directly to one of the COs.

All informal complaints must be reported to a CO who will either facilitate an informal resolution as described below or appoint another individual to facilitate an informal resolution.

The School District's informal complaint procedure is designed to provide the Complainant with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the Complainant's wishes, informal resolution may involve, but not be limited to, one (1) or more of the following:

- A. Advising the Complainant about how to communicate concerns to the Respondent.
- B. Distributing a copy of Policy 2260 – Non-Discrimination and Access to Equal Educational Opportunity to the individuals in the school building or office where the Respondent works or attends.
- C. If both parties agree, the CO may arrange and facilitate a meeting or meditation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint, and, as stated above, either party ~~parties~~ may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one (1) of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the Complainant, from the outset, elects to file a formal complaint, or the Compliance Officer(s) determine the allegations are not appropriate for the resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, Principal, or other District official at the student's school, the CO, Superintendent, or another District official who works at another school or at the District level. Due to the sensitivity surrounding complaints of unlawful discrimination, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs. If a Complainant informs a teacher, Principal, or other District employee at the student's school, Superintendent, or other District employee, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO/designee within two (2) days.

Throughout the course of the process, the CO should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known the identity of the Respondent; the discriminatory/retaliatory conduct; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant. If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the CO should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions deemed appropriate in consultation with the Superintendent.

Within two (2) days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation. The Principal will not conduct an investigation unless directed to do so by the CO.

Simultaneously, the CO will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 2260 – Nondiscrimination and Access to Equal Educational Opportunity. The Respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) days.

Although certain cases may require additional time, the CO or designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO or designee shall prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Respondent has engaged in unlawful discrimination/retaliation of the Complainant. The CO's recommendations must be based upon the totality of the circumstances. In determining if unlawful discrimination or retaliation occurred, a preponderance of evidence standard will be used. The CO may consult with the Board's legal counsel before finalizing the report to the Superintendent.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or designee, the Superintendent must either issue a written ~~final~~ decision regarding whether the charges have been substantiated or request further investigation. A copy of the Superintendent's final decision will be delivered to both the Complainant and the Respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) days. At the conclusion of the additional investigation, the Superintendent shall issue a final written decision as described above.

If the Superintendent determines the Respondent engaged in unlawful discrimination/retaliation toward the Complainant, the Superintendent must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

The decision of the Superintendent or Deputy Superintendent shall be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the student alleging the unlawful discrimination/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a Complaint with the Office for Civil Rights, ~~or~~ the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

Privacy/ Confidentiality

The District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board 's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to Third Parties any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination/retaliation by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the School District community, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may, intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, ~~charge~~, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above. The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

NONDISCRIMINATION ON THE BASIS OF SEX IN DISTRICT PROGRAMS OR ACTIVITIES

Board Policy 2266

The Genesee Intermediate School District does not discriminate on the basis of sex (including sexual orientation or gender identity), in its education programs or activities, and is required by Title IX of the Education Amendments Act of 1972, and its implementing regulations, not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to enrollment and employment. GISD is committed to maintaining an education and work environment that is free from discrimination based on gender, including sexual harassment.

GISD prohibits Sexual Harassment that occurs within its education programs and activities. When the District has actual knowledge of Sexual Harassment in its education program or activity against a person in the United States while participating in a school program, it shall promptly respond in a manner that is not deliberately indifferent.

Pursuant to its Title IX obligations, GISD is committed to eliminating Sexual Harassment and will take appropriate action when an individual is determined responsible. Employees, students, third-party vendors and contractors, guests, and other members of the School District community who commit Sexual Harassment are subject to the full range of disciplinary sanctions. GISD will provide persons who have experienced Sexual Harassment ongoing remedies as reasonably necessary to restore or preserve access to the District's education programs and activities.

Definitions

Sexual Harassment: conduct on the basis of sex that satisfies one or more of the following:

- A. Board employee conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct (often called "quid pro quo" harassment);
 - A. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
 - B. "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)A(v), or "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).
- Complainant: an individual who is alleged to be the victim of conduct that could constitute Sexual Harassment.
 - Respondent: an individual who has been reported to be the perpetrator of conduct that could constitute Sexual Harassment.
 - Formal Complaint: a document filed by a Complainant or signed by the Title IX Coordinator alleging Sexual Harassment against a Respondent and requesting that the District investigate the allegation(s) of Sexual Harassment. At the time of filing a Formal Complaint with the District, a Complainant must be participating in or attempting to participate in the District's education program or activity. A "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal that the Board provides for this purpose) that contains the Complainant's physical or digital signature, or otherwise indicates that the Complainant is the person filing the Formal Complaint. Where the Title IX Coordinator signs a Formal Complaint, the Title IX Coordinator is not a Complainant or a party to the Formal Complaint and must not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.
 - Actual Knowledge: notice of Sexual Harassment or allegations of Sexual Harassment to the District's Title IX Coordinator, or any District official who has authority to institute corrective measures on behalf of the Board, or any Board employee. The mere ability or obligation to report Sexual Harassment or to inform a student about how to report Sexual Harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the District. "Notice" includes, but is not limited to, a report of Sexual Harassment to the Title IX Coordinator. This standard is not met when the only District official with actual knowledge is the Respondent.
 - Supportive Measures: non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent before or after the filing of a Formal Complaint or where no Formal Complaint has been filed. Such measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter Sexual Harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, school/campus escort services, mutual restrictions of contact between the parties, changes in work locations), leaves of absence, increased security and monitoring of certain areas of the campus (including school buildings and facilities), referral to Employee Assistance Program, and other similar measures.

Title IX Coordinator(s)

The Board of Education designates and authorizes the following individual(s) to oversee and coordinate its efforts to comply with Title IX and its implementing regulations, including enrollment and employment. The District's Title IX Coordinator(s) is/are:

Any inquiries about the application of Title IX and its implementing regulations to the District may be referred to the Title IX Coordinator(s), the Assistant Secretary for the U.S. Department of Education's Office for Civil Rights, or both.

The Board has adopted a grievance process that provides for the prompt and equitable resolution of student and employee complaints alleging any action that is prohibited by Title IX and/or its implementing regulations. The grievance process is included in Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities, which is available at: www.geneseeisd.org. The grievance process specifically addresses how to report or file a complaint of sex discrimination, how to report or file a formal complaint of Sexual Harassment, and how the District will respond.

Grievance Process

The Board is committed to promptly and equitably resolving student and employee complaints alleging Sexual Harassment. The District's response to allegations of Sexual Harassment will treat Complainants and Respondents equitably, including providing supportive measures to the Complainant and Respondent, as appropriate, and

following this Grievance Process before imposition of any disciplinary sanctions or other actions, other than supportive measures, against the Respondent.

The Title IX Coordinator(s), along with any investigator(s), decision-maker(s), or any person(s) designated to facilitate an informal resolution process, shall not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent.

If a determination of responsibility for Sexual Harassment is made against the Respondent, the Board will provide remedies to the Complainant. The remedies will be designed to restore or preserve equal access to the District's education program or activity. Potential remedies include, but are not limited to, individualized services that constitute supportive measures. Remedies may also be disciplinary or punitive in nature and may burden the Respondent.

Report of Sexual Discrimination/Harassment

Any person may report sex discrimination, including Sexual Harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or Sexual Harassment), in person, by mail, by telephone, or by electronic mail, using the Title IX Coordinator's(s') contact information listed above, or by any other means that results in the Title IX Coordinator receiving the person's oral or written report. Reports may be made at any time (including during non-business hours), by using the telephone number(s) or electronic mail address(es), or by mail to the office address(es), listed for the Title IX Coordinator(s).

Students, Board members, and Board employees are required, and other members of the School District community and Third Parties are encouraged, to report allegations of sex discrimination or Sexual Harassment promptly to the/a Title IX Coordinator or to any Board employee, who will in turn notify the/a Title IX Coordinator. Reports can be made orally or in writing and should be as specific as possible. The person making the report should, to the extent known, identify the alleged victim(s), perpetrator(s), and witness(es), and describe in detail what occurred, including date(s), time(s), and location(s).

If a report involves allegations of Sexual Harassment by or involving the Title IX Coordinator, the person making the report should submit it to the Superintendent, or another Board employee who, in turn, will notify the Superintendent or designee of the report. The Superintendent will then serve in place of the Title IX Coordinator for purposes of addressing that report of Sexual Harassment.

When a report of Sexual Harassment is made, the Title IX Coordinator shall promptly (i.e., within two (2) days of the Title IX Coordinator's receipt of the report of Sexual Harassment) contact the Complainant (including the parent/guardian if the Complainant is under 18 years of age or under guardianship) to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a Formal Complaint, and explain to the Complainant the process for filing a Formal Complaint. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Any supportive measures provided to the Complainant or Respondent shall be maintained as confidential, to the extent that maintaining such confidentiality will not impair the ability of the District to provide the supportive measures.

Emergency Removal: Subject to limitations and/or procedures imposed by State and/or Federal law, the District may remove a student Respondent from its education program or activity on an emergency basis after conducting an individualized safety and risk analysis. The purposes of the individualized safety and risk analysis is to determine

whether the student Respondent poses an immediate threat to the physical health or safety of any student or other individual arising from the allegations of Sexual Harassment that justifies removal. If the District determines the student Respondent poses such a threat, it will so notify the student Respondent and the student Respondent will have an opportunity to challenge the decision immediately following the removal. See Policy 5610 – Emergency Removal, Suspension, and Closure of Programs of Students and Policy 5611 – Due Process Rights.

Formal Complaint of Sexual Harassment

A Formal Complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information set forth above. If a Formal Complaint involves allegations of Sexual Harassment by or involving the Title IX Coordinator, the Complainant should submit the Formal Complaint to the Superintendent, who will designate another person to serve in place of the Title IX Coordinator for the limited purpose of implementing the grievance process with respect to that Formal Complaint.

When the Title IX Coordinator receives a Formal Complaint or signs a Formal Complaint, the District will follow its Grievance Process, as set forth herein. Specifically, the District will undertake an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence – and provide that credibility determinations will not be based on a person’s status as a Complainant, Respondent, or witness.

The Respondent is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Timeline

The District will seek to conclude the grievance process, including resolving any appeals, within sixty (60) days of receipt of the Formal Complaint.

If the Title IX Coordinator offers informal resolution processes, the informal resolution processes may not be used by the Complainant or Respondent to unduly delay the investigation and determination of responsibility. The timeline, however, may be subject to a temporary delay of the grievance process or a limited extension for good cause with written notice to the Complainant and the Respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party’s advisor, or a witness; concurrent law enforcement activity; and the need for language assistance or accommodation of disabilities. The Title IX Coordinator will provide the parties with reasonable updates on the status of the grievance process.

Upon receipt of a Formal Complaint, the Title IX Coordinator will provide written notice of the following to the parties who are known:

- A. Notice of the Board’s grievance process, including any informal resolution processes;
- B. Notice of the allegations of misconduct that potentially constitutes Sexual Harassment as defined in this policy, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting Sexual Harassment, and the date and location of the alleged incident, if known. The written notice must:

1. include a statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made at the conclusion of the grievance process;
2. inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence.
3. inform the parties of any provision in the Student Code of Conduct, this policy, and/or Employee/Administrator Handbook that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, during the course of the investigation, the investigator becomes aware of allegations about the Complainant or Respondent that are not included in the original notice provided to the parties, the investigator will notify the Title IX Coordinator and the Title IX Coordinator will decide whether the investigator should investigate the additional allegations; if the Title IX Coordinator decides to include the new allegations as part of the investigation, the Title IX Coordinator will provide notice of the additional allegations to the parties whose identities are known.

Dismissal of a Formal Complaint

The District shall investigate the allegations in a Formal Complaint, unless the conduct alleged in the Formal Complaint:

- A. would not constitute Sexual Harassment (as defined in this policy) even if proved;
- B. did not occur in the District's education program or activity; or
- C. did not occur against a person in the United States.

If one of the preceding circumstances exist, the Title IX Coordinator shall dismiss the Formal Complaint. If the Title IX Coordinator dismisses the Formal Complaint due to one of the preceding reasons, the District may still investigate and take action with respect to such alleged misconduct pursuant to another provision of an applicable code of conduct, Board policy, and/or Employee/Administrator Handbook.

The Title IX Coordinator may dismiss a Formal Complaint, or any allegations therein, if at any time during the investigation:

- A. a Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the Formal Complaint or any allegations therein;
- B. the Respondent is no longer enrolled in the District or employed by the Board; or
- C. specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the Formal Complaint or allegations therein.

If the Title IX Coordinator dismisses a Formal Complaint or allegations therein, the Title IX Coordinator must promptly send written notice of the dismissal and the reason(s) therefore simultaneously to the parties.

Consolidation of Formal Complaints

The Title IX Coordinator may consolidate Formal Complaints as to allegations of Sexual Harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations of Sexual Harassment arise out of the same facts or circumstances.

Informal Resolution Process

Under no circumstances shall a Complainant be required to waive any right to an investigation and adjudication of a Formal Complaint of Sexual Harassment. Similarly, no party shall be required to participate in an informal resolution process.

If a Formal Complaint is filed, the Title IX Coordinator may offer to the parties an informal resolution process. If the parties mutually agree to participate in the informal resolution process, the Title IX Coordinator shall designate a trained individual to facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication. The informal resolution process may be used at any time prior to the decision-maker(s) reaching a determination regarding responsibility.

Any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the Formal Complaint.

Before commencing the informal resolution process, the Title IX Coordinator shall obtain from the parties their voluntary, written consent to the informal resolution process.

During the pendency of the informal resolution process, the investigation and adjudication processes that would otherwise occur are stayed and all related deadlines are suspended.

The informal resolution process is not available to resolve allegations involving a sexual assault involving a student Complainant and a student Respondent.

Investigation of a Formal Complaint of Sexual Harassment

In conducting the investigation of a Formal Complaint and throughout the grievance process, the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility is on the District, not the parties.

In making the determination of responsibility, the decision-maker(s) is directed to use the preponderance of the evidence standard. The decision-maker(s) is charged with considering the totality of all available evidence, from all relevant sources.

As part of the investigation, the parties have the right to:

- A. present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence; and
- B. have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney. The District may not limit the choice or presence of an advisor for either the Complainant or Respondent in any meeting or grievance proceeding.

Neither party shall be restricted in their ability to discuss the allegations under investigation or to gather and present relevant evidence.

The District will provide to a party whose participation is invited or expected written notice of the date, time, location, participants, and purpose of all investigative interviews, or other meetings, with sufficient time for the party to prepare to participate.

Both parties shall have an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the District does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation.

Prior to completion of the investigative report, the Title IX Coordinator will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least ten (10) calendar days to submit a written response, which the investigator will consider prior to completion of the investigative report.

At the conclusion of the investigation, the investigator shall create an investigative report that fairly summarizes relevant evidence and send the report to each party and the party's advisor, if any, for their review and written response. The investigator will send the investigative report in an electronic format or a hard copy, at least ten (10) calendar days prior to the decision-maker(s) issuing a determination regarding responsibility.

Determination of Responsibility

The Title IX Coordinator shall appoint a decision-maker(s) to issue a determination of responsibility. The decision-maker(s) cannot be the same person(s) as the Title IX Coordinator(s) or the investigator(s).

After the investigator sends the investigative report to the parties and the decision-maker(s), and before the decision-maker(s) reaches a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determination regarding responsibility: The decision-maker(s) will issue a written determination regarding responsibility. To reach this determination, the decision-maker(s) must apply the preponderance of the evidence standard.

The written determination will include the following content:

- A. Identification of the allegations potentially constituting Sexual Harassment pursuant to this policy;
- B. A description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence.
- C. Findings of fact supporting the determination;

- D. Conclusions regarding the application of the applicable code of conduct to the facts;
- E. A statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the decision-maker(s) is recommending that the District impose on the Respondent(s), and whether remedies designed to restore or preserve equal access to the District's education program or activity should be provided by the District to the Complainant(s); and
- F. The procedures and permissible bases for the Complainant(s) and Respondent(s) to appeal.

The following disciplinary sanctions/consequences may be imposed on a student Respondent who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

A. Informal Discipline

- 1. writing assignments;
- 2. changing of seating or location;
- 3. pre-school, lunchtime, after-school detention;
- 4. in-school discipline;
- 5. Saturday school;

B. Formal Discipline

- 1. suspension of bus riding/transportation privileges;
- 2. removal from co-curricular and/or extra-curricular activity(ies), including athletics;
- 3. emergency removal;
- 4. suspension for up to ten (10) school days;
- 5. long-term suspension or closure of programs;
- 6. any other sanction authorized by the Student Code of Conduct.

If the decision-maker(s) determines the student Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the Superintendent of the recommended remedies, so an authorized administrator can consider the recommendation(s) and implement an appropriate remedy(ies) in compliance with Policy 5600 – Student Discipline, Policy 5605 – Suspension/Expulsion of Students with Disabilities, Policy 5610 – Emergency Removal, Suspension, and Expulsion of Students, Policy 5610.01 - In-School Discipline, and Policy 5611 – Due Process Rights. Discipline of a student Respondent must comply with the applicable provisions of the Individuals with Disabilities Education Improvement Act (IDEA) and/or Section 504 of the Rehabilitation Act of 1972, and their respective implementing regulations.

Appeal

Both parties have the right to file an appeal from a determination regarding responsibility, or from the Title IX Coordinators dismissal of a Formal Complaint or any allegations therein, on the following bases:

- A. Procedural irregularity that affected the outcome of the matter (e.g., material deviation from established procedures);
- B. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- C. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant(s) or Respondent(s) that affected the outcome of the matter.

The Complainant(s) may not challenge the ultimate disciplinary sanction/consequence that is imposed.

Any party wishing to appeal the decision-maker(s)'s determination of responsibility, or the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein, must submit a written appeal to the Title IX Coordinator within five (5) days after receipt of the decision-maker(s)'s determination of responsibility or the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein.

Nothing herein shall prevent the Superintendent from imposing any remedy, including disciplinary sanction, while the appeal is pending.

As to all appeals, the Title IX Coordinator will notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties.

The decision-maker(s) for the appeal shall not be the same person(s) as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator(s). The decision-maker(s) for the appeal shall not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant(s) or Respondent(s) and shall receive the same training as required of other decision-makers.

Both parties shall have a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.

The parties' written statements in support of, or challenging, the determination of responsibility must be submitted within five (5) days after the Title IX Coordinator provides notice to the non-appealing party of the appeal.

The decision-maker(s) for the appeal shall issue a written decision describing the result of the appeal and the rationale for the result. The original decision-maker's(s') determination of responsibility will stand if the appeal request is not filed in a timely manner or the appealing party fails to show clear error and/or a compelling rationale for overturning or modifying the original determination. The written decision will be provided to the Title IX Coordinator who will provide it simultaneously to both parties. The written decision will be issued within five (5) days of when the parties' written statements were submitted.

The determination of responsibility associated with a Formal Complaint, including any recommendations for remedies/disciplinary sanctions, becomes final when the time for filing an appeal has passed or, if an appeal is

filed, at the point when the decision-maker(s) for the appeal's decision is delivered to the Complainant and the Respondent. No further review beyond the appeal is permitted.

Retaliation

Neither the Board nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or Sexual Harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or Formal Complaint of Sexual Harassment, for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, constitutes retaliation. Retaliation against a person for making a report of Sexual Harassment, filing a Formal Complaint, or participating in an investigation.

Complaints alleging retaliation may be filed according to the grievance process set forth above.

Confidentiality

The District will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a Formal Complaint of Sexual Harassment, any Complainant, any individual who has been reported to be the perpetrator of sex discrimination, any Respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder (i.e., the District's obligation to maintain confidentiality shall not impair or otherwise affect the Complainant's and Respondent's receipt of the information to which they are entitled related to the investigative record and determination of responsibility).

More details on GISD's Policy 2266 on unlawful harassment can be found at www.geneseeisd.org

Cooperation with Law Enforcement Agencies

In accordance with the policy of the GISD Board of Education, school authorities are directed to cooperate with police, law enforcement officers, and agencies to the end that policies shall be enforced to the fullest extent according to their terms. In accordance with section 1135 of the Michigan School Code, GISD shall not disclose any personally identifiable information contained in a student record to a law enforcement agency, except in compliance with the Family Educational Right and Privacy Act. MCL380.1135(5).

CHROMEBOOK POLICIES AND GUIDELINES

The policies, procedures, and information within this document apply to all Chromebooks used at Mott Middle College by students, staff, or guests including any other device considered by the Administration to fall under this policy.

Teachers may set additional requirements for Chromebook use in their classroom.

Receiving Your Chromebook:

Chromebooks will be distributed each fall during the first week of school. ***Parents/guardian & students must pick up the Chromebook from the school and sign the Chromebook User Expectations Student/Parent Sign-off and Chromebook Staff/Parent Use Agreement before the Chromebook can be issued to the student.*** All necessary documents will need to be turned in prior to the device being issued to the student. A parent or guardian must be present when the Chromebook is issued. Each Chromebook will have a unique identification code that will be assigned to the student. Students will keep the same Chromebook (with the assigned identification code) for the entire time they are at Mott Middle College.

Chrome Care and Repair:

Mott Middle College requires that in order for a Chromebook to be allowed to go home with a student, Chrome User Care and Repair must be purchased prior to the child receiving a Chromebook. The annual non-refundable fee will be \$30 per device and must be paid prior to the student taking the device home. Details of this policy are on pages 5-6.

Training:

Students will be trained on how to use the Chromebook. Training documents and videos will be available online for students to refer to when needed. Teachers will be trained on the use of Chromebooks and will utilize them during class.

Returning Your Chromebook:

Student Chromebooks and accessories (charger and battery) will be collected at the end of each school year for maintenance over summer vacation. Students will retain their original Chromebook each year while enrolled at MMC.

Any student who transfers out of MMC will be required to return their Chromebook and accessories. If a Chromebook and its accessories are not returned, the parent/guardian will be held responsible for payment. If payment is not received the parent/guardian will be turned over to a collection agency.

Device Purchase:

- Two-year-old devices may be purchased for \$150.00.
- Three-year-old devices may be purchased for \$100.00
- Four-year-old devices may be purchased for \$50.00
- Five-year-old devices will be owned by the student.

Taking Care of Your Chromebook:

Students are responsible for the general care of the Chromebook which they have been issued by the school. Chromebooks that are broken or fail to work properly must be taken to the main office. If a loaner Chromebook is needed, one will be issued to the student until their Chromebook can be repaired or replaced.

General Precautions:

- Avoid eating and drinking while near your Chromebook.
- Cords and removable storage devices should be inserted carefully into the Chromebook.
- Avoid carrying the Chromebook while the screen is open unless directed to do so by a teacher.
- Chromebooks should be shut down when not in use to conserve battery life.
- Chromebooks should never be shoved into a locker or wedged into a book bag as this may break the screen.
- Avoid exposing your Chromebook to extreme temperature or direct sunlight for extended periods of time.
- If your Chromebook was left in a cold environment, bring your Chromebook to room temperature prior to turning it on.

Carrying the Chromebook:

The protective shell of the Chromebook will only provide basic protection from everyday use. It is not designed to prevent damage from drops or abusive handling. Carrying the Chromebook in a padded backpack or padded book bag is acceptable provided the backpack or book bag is handled with care. For example, you shouldn't toss the bag or drop the bag if your Chromebook is inside. It is the student's responsibility to provide a protective case for the Chromebook as they are not provided by the school.

Screen Care:

The Chromebook screen can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

- Do not lean on top of the Chromebook.
- Do not place anything near the Chromebook that could put pressure on the screen.
- Do not place anything in the carrying case that will press against the cover.
- Do not poke the screen.
- Do not place anything on the keyboard before closing the lid (e.g. pens, pencils, notebooks).
- Clean the screen with a soft, dry anti-static, or micro-fiber cloth. Do not use window cleaner or any type of liquid or water on the Chromebook. You can also purchase individually packaged pre-moistened screen cleaning tissues to clean the screen. These are very convenient and relatively inexpensive.

Protecting & Storing Your Chromebook:

Chromebook Identification:

- Chromebooks will be labeled in the manner specified by the school.
- Chromebooks can be identified in the following ways:
 - Record of serial number and GISD/MMC asset tag
 - Individual's Google Account username

Under no circumstances are students to modify, remove, or destroy identification labels.

- Students are responsible for securely storing their Chromebook during extracurricular events.
- Chromebooks should be supervised by the assigned user at all times.
- Avoid storing a Chromebook in a vehicle.

Using Your Chromebook

At School:

The Chromebook is intended for use at school each and every day. In addition to teacher expectations for Chromebook use, school messages, announcements, calendars, academic handbooks, student handbooks and schedules will be accessed using the Chromebook. Students must be responsible for bringing their Chromebook to all classes, unless specifically advised not to do so by their teacher (e.g. field trip).

At Home:

Students are expected to take their Chromebook home each night throughout the school year for charging and must be brought to school each day in a fully charged condition. If students leave their Chromebook at home, this will impact the student's ability to participate in class and may impact their ability to get work done during the school day. Repeatedly leaving the issued Chromebook at home will result in referral to administration and students could lose the privilege of taking the device home altogether.

Sound:

Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes. Students are encouraged to use earbuds as appropriate.

Managing Your Files and Saving Your Schoolwork:

Students may save documents to their Google Drive, or they may save to an external memory device such as a mini SD card or USB flash drive. Saving to Google Drive will make the file accessible from any computer with internet access. Students using Google Drive to work on their documents will not need to save their work, as Drive will save each keystroke as the work is being completed. It will be the responsibility of the student to maintain the integrity of their files and keep proper backups. Students will be trained on proper file management procedures.

Personalizing the Chromebook:

Students are allowed to personalize their devices as long as any personalization is appropriate and in accordance with the Acceptable Use Policy. Students may personalize their:

- Home screens
- Profiles
- Accessories (including protective cases)
- Accessibility settings
- appropriate music, photos, and videos (Referred to in the AUP)

Students may not personalize the device by/with:

- Stickers
- Paint
- Tape
- Writing/drawing on the device
- Anything that damages the device

Spot checks for compliance may be done by administration or other MMC staff at any time.

Software on Chromebooks:***Originally Installed Software:***

Chromebook software is delivered via the Chrome Web Store. These are web-based applications that do not require installation space on a hard drive. Some applications, such as Google Drive, are available for offline use. The software originally installed on the Chromebook must remain on the Chromebook in usable condition and easily accessible at all times.

All Chromebooks are supplied with the latest build of Google Chrome Operating System (OS), and many other applications useful in an educational environment. The Chrome OS will automatically install updates when the computer is shut down and restarted.

From time to time the school may add software applications for use in a particular course. This process will be automatic with virtually no impact on students. Applications that are no longer needed will automatically be removed by the school as well. Students who tamper with the software may lose the privilege of using the device altogether.

Additional Software:

Students should not install additional software on their Chromebook other than what has been approved by Mott Middle College.

All Google accounts are under the ownership of GISD. Therefore, we do not advise the purchase of apps using this account. We also do not recommend associating any credit card information with your Google account. GISD will not be held liable for any personal or credit card information that could be jeopardized, lost, misused or stolen.

Inspection:

Students may be selected at random to provide their Chromebook for inspection. The purpose for inspection will be to check for proper care and maintenance as well as inappropriate material being carried into the school.

Procedure for Restoring the Chrome OS:

In a One-to-One environment it is impossible for support staff to maintain a working environment for all if too much time is spent fixing every glitch that may arise. Restoring the Chrome OS will restore the device to the state in which the user originally received it. All student-created files stored on an external mini SD card, USB flash drive, or Google Drive will be intact after the operating system is restored. All files saved on the Chromebook that have been synced to Google Drive will be intact. However, all other data (music, photos, documents) *stored on internal memory that has NOT been synced* will not be restored unless the student requests that an attempt be made to salvage it.

Repairing or Replacing Your Chromebook:

Chromebooks Undergoing Repair:

- Loaner Chromebooks may be issued to students when they leave their Chromebook for repair at the Main Office.
- Loans will be at the administrator's discretion; students have no guarantee they will be loaned a device.
- If repair is needed due to malicious damage, the school may refuse to provide a loaner Chromebook.
- Repaired Chromebooks may end up with the original factory image as first received. It is important that students keep their school data synced to cloud drives so documents and class projects will not be lost. Personal information that cannot be replaced should be kept at home on an external storage device or in the cloud.
- Students and parents may be charged for Chromebook damage that is a result of misuse or abusive handling. Parents may be billed for parts and labor.

Manufacturer Warranty:

Dependent upon the device

Accidental Damage or Loss Protection:

As part of the 1:1 Chromebook initiative at Mott Middle College, Mott Middle College is requiring the purchase of Chrome Care and Repair prior to the deployment distribution of the Chromebook to your child. Mott Middle College will be the sole provider of Chrome Care and Repair. Under Chrome Care and Repair the Chromebooks are protected against *accidental* damage or accidental loss. Mott Middle College will require that a police report be submitted in cases of theft within 10 days of the occurrence. The police report should be submitted within

ten school days from the time the theft occurs. Fraudulent reporting of theft will be turned over to the police for prosecution. A student making a false report will also be subject to disciplinary action as outlined by the school discipline code.

Chrome Care and Repair does not cover for loss of the Chromebook and/or its accessories, cosmetic damage, or damages caused by intentional misuse and abuse. Mott Middle College will assess the Chromebook damage and repair or replace the device if the damage is determined to be accidental and within the protection guidelines.

Parents/Students may be charged for full replacement cost of a device that has been damaged due to intentional misuse or abuse.

CHROMEBOOK CARE AND REPAIR

Mott Middle College requires that Chrome User Care and Repair be purchased prior to the distribution of the Chromebook to your child. The cost is \$30.00 annually for each Chromebook. Each claim covered by Chrome User Care and Repair will be assessed an incremental deductible. The first major repair will be \$25.00 with the cost increasing each time a claim is made within the current school year. If a student withdraws from Mott Middle College and then re-enrolls later in the current school year, the coverage purchased at the student’s initial registration will be reinstated along with the number of claims made prior to withdrawal.

| Annual User Care and Repair Fee at Registration | Major Repair #1 | Major Repair #2 | Major Repair #3 | Major Repair #4 |
|---|-----------------|-----------------|-----------------|-----------------|
| \$30 per device Nonrefundable | \$25 | \$60 | \$110 | Full Price |

Major repairs are defined as repairs more than \$110. Small repairs will be covered in the annual user care and repair fee.

Lost or Intentionally Damaged Device and Accessories:

A Chromebook or any of its accessories that are lost (whereabouts unknown) or intentionally damaged is the responsibility of the student and parent involved in the loss of property. The user will not be given another device or accessory to use until the replacement cost of the lost/damaged device or accessory is paid to the school. **Parents/Students may be charged for full replacement cost of a device that has been damaged or lost.**

Replacement of the Chromebook (based on full retail price).

AC Adapter & power cord - \$20.00

The Staff at Mott Middle College are committed to the education to all students and we are aware that some parents/caregivers experience financial hardships during their child's enrollment at our school. In the event of financial hardships fee reductions will be determined on a case-by-case basis.

Fee Reduction Procedure

1. An interview with the Principal is requested through the Secretary.
2. A request for a special consideration form is filled out by the parent/caregiver in conjunction with the Principal.

3. The Principal has the right to determine if the request is granted. Requests are determined on a case-by-case basis.
4. Unless prior arrangements have been made, Mott Middle College expects that fees will be paid by the due date. If there is a problem in meeting this deadline, a letter of explanation should be sent to the building administrator outlining the timeline for payments.
5. If a fee reduction is desired beyond the current year, new arrangements must be negotiated. Fee reductions last one (1) year only.
6. All fee reduction information is regarded as confidential, stored in a secure location and not disclosed to any other party.
